STAFF REPORT

Agenda Item: 6.A

Board Meeting Date: December 11, 2024
Prepared By: Frank Wolinski
Approved By: Brett Hodgkiss

SUBJECT: EMERGENCY PAVING SERVICES

<u>RECOMMENDATION</u>: Ratify the emergency contract with Joe's Paving, Inc. for paving services on South Melrose Drive in an amount of \$82,727.71.

PRIOR BOARD ACTION: None.

<u>FISCAL IMPACT</u>: \$82,727.71.

<u>SUMMARY</u>: On November 24, 2024, a 4-inch blind flange failed in the 1100 block of South Melrose Drive causing extensive road damage to all three northbound traffic lanes. District crews repaired the leak and made two of the three lanes passable. Given that South Melrose Drive is heavily traveled, the road needed to be repaired as quickly as possible.

On November 25, 2024, the General Manager informed the Board of the main break on South Melrose Drive via email, and even though District crews had made temporary road repairs, one lane remained closed due to extensive asphalt damage from the leak. In a follow-up email, the Board was informed that emergency road repairs would need to be made as soon as possible, and the District had received a quote from Joe's Paving. Additionally, the Board was informed that the repairs would cost more than the General Manager's purchasing threshold (\$80,000); therefore, the emergency contract would be placed on the December 11, 2024 agenda for ratification by the Board. In accordance with the District's Purchasing Policy and Procedures, the General Manager exercised his authority under emergency purchasing provisions to enter into an agreement with Joe's Paving, Inc. to pave the damaged section of South Melrose Drive for \$82,727.71.

<u>DETAILED REPORT</u>: The bolts to the 4-inch steel blind flange were corroded and failed at approximately 12:15 PM on November 24, 2024. District crews worked into the early morning of the next day to repair the leak and make two northbound lanes on South Melrose Drive passable for traffic. The leak created a large void in the number one and two traffic lanes, lifted asphalt in the number three traffic lane at the curbline for approximately 100 feet and damaged approximately 3,400 square feet of asphalt in total. District staff worked with Joe's Paving, Inc. and the cities of Vista and Oceanside to schedule emergency paving services, which took place on November 26 and 27, 2024; remobilization of Joe's Paving to install lane striping and roadway markings are forthcoming.

<u>CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)</u>: This agreement for paving services has been determined by staff to be exempt under Class 1 of the State CEQA Guidelines section 15301 (Existing Facilities), 14 CCR § 15301(b) and (c), because it consists of the repair of an existing public utility facility and street involving negligible or no expansion of use and there is no potential for the project to cause either a direct or a reasonably foreseeable indirect physical change in the environment.

KENNETH WULF

<u>RECOMMENDATION</u>: Adopt Resolution No. 2024-XX honoring Kenneth Wulf for 15 years of service to the District and its customers.

PRIOR BOARD ACTION: None.

FISCAL IMPACT: None.

<u>SUMMARY</u>: Kenneth will retire with 15 years of exemplary service to the District and its customers on December 26, 2024. The District would like to honor Kenneth by passing the attached resolution.

<u>DETAILED REPORT</u>: Kenneth started his career as Meter Reader Trainee with the District on February 13, 2009 and was promoted to Meter Reader on April 23, 2010; with his natural high energy and self-motivation, Kenneth thrived in the position of Meter Reader. Kenneth spent over two years as a System Operator, and many years reading District meters, before he found his true calling in the warehouse. Kenneth was intrigued by the warehouse due to his work experience prior to coming to the District and started to learn about the parts and warehouse processes during his free time before and after work; he became the District's Inventory Control Clerk on June 7, 2019.

During his tenure as Inventory Control Clerk, Kenneth has been outstanding at procuring and maintaining inventory at the required quantities. During the pandemic, lead times and difficulties procuring parts were at an all-time high but Kenneth, through hard work and dedication, ensured the District had the supplies it needed to maintain a reliable water system. Kenneth took great pride in keeping the warehouse organized and well-kept; one new vendor commented that the warehouse may have been the cleanest one he had ever seen, which is a testament to Kenneth's work ethic and standards.

Following retirement, Kenneth plans to spend time outdoors enjoying the activities he loves, such as hiking and surfing. He also wants to start stretching more and is even considering taking Pilates.

STAFF REPORT

Agenda Item: 12

Board Meeting Date: December 11, 2024
Prepared By: Shallako Goodrick
Approved By: Brett Hodgkiss

SUBJECT: REVISIONS TO COMPENSATION SCHEDULE

<u>RECOMMENDATION</u>: Adopt Resolution No. 2024-XX approving revisions to the Compensation Schedule effective January 1, 2025.

<u>PRIOR BOARD ACTION</u>: At least annually, the Board approves a Compensation Schedule for all employees to facilitate California Public Employees' Retirement System (CalPERS) reporting requirements under state pension law. Most recently, the Board adopted revisions to the Compensation Schedule on April 3, 2024.

<u>FISCAL IMPACT</u>: Revisions to the Compensation Schedule effective January 1, 2025 will increase annual labor costs (wages and benefits) by approximately \$669,000 (including costs associated with replacing the vacant Engineering Specialist I/II position with a Engineer I/II position described in more detail below).

<u>SUMMARY</u>: CalPERS retirement law requires that the governing body of all public agencies approve a salary schedule and any revisions thereto for all employees in an open public forum.

<u>DETAILED REPORT</u>: The California Code of Regulations (CCR) at Section 570.5 requires public agencies to make duly adopted and approved pay schedules publicly available prior to including the compensation as a part of the members' retirement benefit. CCR Section 570.5 requires that the employee pay rate be limited to the amount listed on a pay schedule that has been duly approved and adopted by the employer's governing body in accordance with the requirements of applicable public meeting laws.

Increases in the proposed 2025 schedule reflect negotiated salary adjustments in accordance with the Board approved Memorandum of Agreement with the Teamsters Union, which also established terms and conditions of employment for unrepresented employees, for a three-year term beginning on January 1, 2025 and ending on December 31, 2027. The economic terms that were negotiated with the new employee agreements include a salary range adjustment effective January 1, 2025; the salary adjustment is equal to the San Diego Consumer Price Index for All Urban Consumers for the twelve-month period ended June 30, 2024 (3.48%) plus 2.52% resulting in an increase of 6%.

In addition to the salary adjustments previously described, pending Board approval, the position of Engineer I/II has been added; the Engineer I/II position will replace a vacant Engineering Specialist I/II position. The new position was developed to meet the current technical needs of the Engineering Department; this position will oversee more complex projects, some that include environmental review, and will reduce the District's reliance on consultants for the design of main replacement projects. The Engineer I position requires a bachelor's degree in civil engineering and an Engineer-in-Training certificate; the Engineer II position requires a California Registered Civil Engineering license. The above described revisions necessitate a change in the pay classification, increasing annual labor costs by about \$24,000. The maximum staffing level will remain at 89.

RESOLUTION NO. 2024-XX

RESOLUTION OF THE BOARD OF DIRECTORS OF VISTA IRRIGATION DISTRICT APPROVING REVISIONS TO THE COMPENSATION SCHEDULE EFFECTIVE JANUARY 1, 2025

WHEREAS, Vista Irrigation District's negotiating team completed meet and confer labor negotiations for 2025, 2026 and 2027 salaries and benefits as set forth in a Memorandum of Agreement for represented employees and a Resolution for unrepresented employees; and

WHEREAS, the District has previously negotiated and the Board of Directors has previously approved in each of these labor agreements certain adjustments to salary for each of the three years of the contract term; and

WHEREAS, California Code of Regulations (CCR) Section 570.5 requires public agencies to have a pay schedule duly approved and adopted by the employer's governing body in accordance with requirements of applicable public meeting laws in order for CalPERS to consider pay as "compensation earnable" for purposes of calculating a member's retirement benefit.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of Vista Irrigation District does hereby approves and adopts revisions to the Compensation Schedule to reflect that change as set forth in the attached "Exhibit A", incorporated herein by reference.

BE IT FURTHER RESOLVED that the Board of Directors has authorized execution of documents by the General Manager and Human Resources Manager that may be required to carry out this Resolution.

Approved By: Brett Hodgkiss

SUBJECT: COMPREHENSIVE COST OF SERVICE/WATER RATE STUDY WORKSHOP

<u>RECOMMENDATION</u>: Select possible dates in January 2025 to hold a comprehensive cost of service/water rate study workshop.

<u>PRIOR BOARD ACTION</u>: At its October 23, 2024 meeting, the Board authorized the General Manager to enter into an agreement with Raftelis Financial Consultants, Inc. (Raftelis) to prepare comprehensive cost of service/water rate study and provide associated public outreach services in an amount not to exceed \$91,716.

FISCAL IMPACT: None

<u>SUMMARY</u>: Historically, staff has prepared cost of service/water rate studies (based on capital projects being funded on a pay-go basis) and developed the required noticing for the public hearing in compliance with Proposition 218. However, with the District incorporating debt financing into this study, staff (with input from its financial advisor, NHA Advisors) determined that it would be best to use a consulting firm that has experience in integrating financing instruments into water rate models to prepare the study. The District entered into an agreement with Raftelis to prepare comprehensive cost of service/water rate study, including cost of services analysis and water rate model development, and provide associated public outreach services (e.g. town hall meetings, public hearing notices, etc.).

At this time, staff would like to schedule a workshop in January 2025 (10 a.m. or later start time) to provide Raftelis with an opportunity to share information about the study process and public outreach activities. Topics to be discussed will include rate setting basics, recent rate cases, the District's current rate structure, fixed charge basics and trends, and a public outreach overview. This will be an interactive workshop that will provide the Board with opportunities to ask questions and provide feedback about the topics discussed.
