7. FISCAL YEAR 2024 AUDIT

See staff report attached hereto.

Director of Administration Shallako Goodrick introduced the agenda item and Shannon Ayala of Davis Farr LLP presented the results of the District’s Fiscal Year (FY) 2024 audit. Ms. Ayala stated that the District’s financial statements and best practices were reviewed, and the auditors found no material weaknesses involving the District’s internal control structure or its operation. She said that this year’s audit involved testing the District’s compliance with certain provisions of laws, regulations and its policies; no exceptions were noted. Ms. Ayala thanked Ms. Goodrick and the Finance staff for their time and efforts in providing the information needed for the audit in an efficient manner. The Board thanked Ms. Ayala for her report and commended staff for another successful audit.

25-01-04 *Upon motion by Director MacKenzie, seconded by Director Kuchinsky and unanimously carried (5 ayes: Miller, Olson, Kuchinsky, MacKenzie, and Sanchez), the Board of Directors accepted the Fiscal Year 2024 audit report by Davis Farr LLP.*

8. FINANCIAL REPORT FOR THE YEAR ENDED JUNE 30, 2024

See staff report attached hereto.

Ms. Goodrick presented the Financial Report for the year ended June 30, 2024. She said that this report contains statements of revenues and expenses directly related to operating Lake Henshaw and the surrounding Warner Ranch as well as three special reports comparing actual results to budgeted amounts approved by the Board. Ms. Goodrick stated that the District experienced a \$10.1 million operating gain versus a projected \$11.8 million operating gain primarily due to lower than projected water sales and higher than anticipated pension costs. She reviewed the Lake Henshaw financial statements noting an over accrual of the prior year expense for the San Pasqual Undergrounding Project (SPUP) of approximately \$1.78 million resulting in lower expenses than projected for FY 2024. Ms. Goodrick stated that the cost of local water was approximately \$550 per acre foot (after removing the over accrual of the prior year SPUP expense) in FY 2024. She reviewed and explained the revenue and expense budget comparison as well as property revenues and legal expenses. Staff provided clarification regarding uncollectable accounts and water rights legal fees.

9. DIVISION REPORTS

See staff report attached hereto.

Mr. Wolinski provided clarification regarding the District’s solar system and its electrical energy use. He provided additional information regarding the leak data presented in the Fiscal Year 2025 Operations & Field Services Metrics Summary.

Director of Water Resources Lesley Dobalian provided an update on the Lake Henshaw Oxygenation Pilot study.

Director of Engineering Randy Whitmann provided an update on the Flume Replacement Alignment Study project.

10. VISTA HALL OF FAME REQUEST FOR PARTICIPATION

See staff report attached hereto.

President Sanchez reviewed the Vista Historical Society’s request for participation on the nominating committee for the Vista Hall of Fame and the eligibility criteria for the Vista Hall of Fame. Director Kuchinsky expressed his interest in participating on the nominating committee. Following a brief discussion, the Board chose not to make a nomination to the Vista Hall of Fame at this time and appointed Director Kuchinsky to the nominating committee.

25-01-05 *Upon motion by Director Miller, seconded by Director MacKenzie and unanimously carried (5 ayes: Miller, Olson, Kuchinsky, MacKenzie, and Sanchez), the Board of Directors appointed Director Kuchinsky to participate on the nominating committee for the Vista Historical Society Hall of Fame.*

11. DISTRICT COMMITTEES AND REPRESENTATIVES TO OUTSIDE ORGANIZATIONS

See staff report attached hereto.

President Sanchez stated that he took into consideration the various committee requests from each member of the Board and made the following appointments to the 2025 District Committees and Representatives to Outside Organizations:

2025 Standing Committees:

- | | |
|-----------------------|---------------------------------|
| Water Sustainability: | Kuchinsky, Chair; and Olson |
| Fiscal Policy: | Sanchez, Chair; and Miller |
| Warner Ranch: | Miller, Chair; and MacKenzie |
| Public Affairs: | Kuchinsky, Chair; and MacKenzie |

2025 Ad Hoc Committee:

- | | |
|-----------------------------|----------------------|
| Warner Ranch Working Group: | MacKenzie and Miller |
|-----------------------------|----------------------|

2025 Outside Organization:

- | | |
|------------|---|
| ACWA-JPIA: | Sanchez; Alternate-Brett Hodgkiss/Kuchinsky |
|------------|---|

The Board ratified the appointments by the following action:

25-01-06 *Upon motion by Director Miller, seconded by Director Kuchinsky and unanimously carried (5 ayes: Miller, Olson, Kuchinsky, MacKenzie, and Sanchez), the Board of Directors ratified the committee and outside organization appointments for 2025.*

President Sanchez stated that the Groundwater Committee was initially formed in 2017 to address the management of the District’s groundwater resources under the Sustainable Groundwater Management Act of 2014 (SGMA); the Board later chose not to pursue implementing SGMA primarily because SGMA did not require the formation of a Groundwater Sustainability Agency or the preparation of a Groundwater Sustainability Plan for the Warner Valley Groundwater Basin. He said that the Committee had never met since its formation; it is recommended that the Groundwater Committee be eliminated as a standing committee. If there is a need for a Groundwater Committee (or ad hoc committee) in the future, it could be re-established at that time. After a brief discussion, the Board took the following action:

25-01-07 *Upon motion by Director Miller, seconded by Director MacKenzie and unanimously carried (5 ayes: Miller, Olson, Kuchinsky, MacKenzie, and Sanchez), the Board of Directors eliminated the Groundwater Committee as a standing committee.*

See staff report attached hereto.

Director Miller reported that the San Diego County Water Authority's (Water Authority) Board of Directors held a Special Board meeting on December 19, 2024 to discuss closed session items related to existing litigation between the Water Authority and Metropolitan Water District (MWD). He reported that it was recently announced that the California Department of Water Resources increased the State Water Project's water allocations for 2025 from five percent to 15 percent. Director Miller said that the next regular Water Authority Board of Directors meeting will be held on January 23, 2025.

He stated that he was appointed as the Chair of the Water Planning and Environmental Committee and to the Imported Water Committee member for the Water Authority for 2025.

Director Miller advised the Board that he will likely be absent from the February 5, 2025 meeting due to a scheduled medical procedure.

25-01-08 *Upon motion by Director Miller, seconded by Director Kuchinsky and unanimously carried (5 ayes: Miller, Olson, Kuchinsky, MacKenzie, and Sanchez), the Board of Directors authorized Director MacKenzie to attend the CSDA Special District Legislative Days in Sacramento on May 20-21, 2025; and authorized Director Kuchinsky's to attend the 2025 Vista Chamber Government Affairs meetings and authorized Director MacKenzie to attend 2025 ACWA Legislative meetings.*

14. ITEMS FOR FUTURE AGENDAS AND/OR PRESS RELEASES

See staff report attached hereto.

Director Kuchinsky suggested that the District invite local legislative representatives to attend the Edgemoor Reservoir and Pump Station ribbon cutting ceremony.

15. COMMENTS BY DIRECTORS

16. COMMENTS BY GENERAL COUNSEL

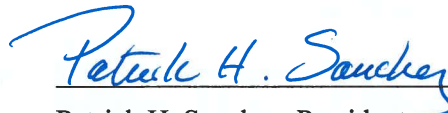

Ms. Mitchell stated that she would present her comments relative to cost of service and water rate studies during the January 15, 2025 workshop.

17. COMMENTS BY GENERAL MANAGER

Mr. Hodgkiss informed the Board that the District was recognized as a 2024 Special District Advocacy All-Star for being one of nine special districts that responded to all of CSDA's major Calls-to-Action. He commended Management Analyst Brent Reyes for his efforts.

18. ADJOURNMENT

There being no further business to come before the Board, at 11:18 a.m. President Sanchez adjourned the meeting to January 22, 2025 at 9:00 a.m.

STAFF REPORT

Board Meeting Date: January 8, 2025
Prepared By: Frank Wolinski
Approved By: Brett Hodgkiss

SUBJECT: PAVING SERVICES

RECOMMENDATION: Authorize the General Manager to execute an agreement with Joe’s Paving, Inc. for paving services on Independence Way (D-2382; DIV NO 3) in an amount of \$90,606.50.

PRIOR BOARD ACTION: None.

FISCAL IMPACT: \$90,606.50; funding for pavement restoration on Independence Way is included in the Fiscal Year 2025 capital budget for the Main Replacement Program.

SUMMARY: The District advertised and solicited bids from 10 contractors for final asphalt repairs for this project. Three contractors attended the mandatory job walk, and two responsive bids were received. Joe’s Paving, Inc. responded with the lowest bid.

DETAILED REPORT: District staff installed approximately 1,500 feet of various sizes of PVC pipe in Elm Drive and Warmlands Avenue to complete the final phase of this project. Paving requirements for this project include approximately 9,400 square feet of paving. The bid results were as follows:

Joe’s Paving, Inc.	\$ 90,606.50
Kirk Paving, Inc.	\$183,000.00

Based on the bid results and past performance, staff recommends executing an agreement with Joe’s Paving, Inc. for paving services on Independence Way.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA): This agreement is for a phase of the mainline replacement project, which is a project that staff previously determined to be exempt under Class 2 of the State CEQA Guidelines section 15302 (Replacement or Reconstruction), 14 CCR § 15302(c), because it consists of replacement or reconstruction of an existing utility system and/or facilities involving negligible or no expansion of capacity and there is no potential for the project to cause either a direct or a reasonably foreseeable indirect physical change in the environment.

To the Board of Directors and customers served by the Vista Irrigation District:

We are pleased to present the Vista Irrigation District's (District's or District) Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. The purpose of the report is to provide the Board of Directors, our customers, and any other interested parties with reliable financial information about the District.

The report was prepared by the District's Finance Department following guidelines set forth by the Governmental Accounting Standards Board (GASB) and generally accepted accounting principles (GAAP). Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including disclosures, rests with the District. We believe the data, as presented, is accurate in all material respects and that it is presented in a manner that provides a fair representation of the financial position and results of operations of the District. Included are all disclosures we believe necessary to enhance your understanding of the financial condition of the District. Internal controls are an important part of any financial reporting framework, and District management has established a comprehensive framework of internal controls to provide a reasonable basis for asserting that the financial statements are fairly presented. Because the cost of an internal control should not exceed the benefits to be derived, the objective is to provide reasonable, rather than absolute assurance, that the financial statements are free of any material misstatements.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Davis Farr LLP, a firm of licensed certified public accountants, has audited the District's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2024, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit,

that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2024, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

Profile of the District

District's Service Area

The District's service area consists of a 33-square mile area in the northwestern quadrant of San Diego County (County) that lies west of the Interstate 15 Freeway and east of the Interstate 5 Freeway, encompassing approximately 21,152 acres. Within the District's boundaries are the City of Vista, portions of the cities of San Marcos, Escondido and Oceanside, and unincorporated areas of the County. The District provides potable water to its service area.

District's Authority

Vista Irrigation District is a special district of the State of California organized in 1923 under the Irrigation District Act (Water Code §20500, et. Seq.) and authorizing statutes (Water Code §22975, et. Seq.) and approved by voters on August 28, 1923 which coincided with the building of Henshaw Dam in 1923 by the San Diego County Water Company. Completion of the dam made it possible for the Vista community to receive a reliable source of water, instead of relying on wells in the area. In June 1946, the District purchased the San Diego County Water Company; included in the purchase was the 43,000-acre Warner Ranch, which includes Henshaw Dam and Lake Henshaw. In 1954, the District became a member of the San Diego County Water Authority (SDCWA) in order to receive water imported from the Colorado River and Northern California.

The State of California Water Code also authorizes the District to exercise the power of eminent domain; to fix, revise and collect rates or other charges for the delivery of water, use of facilities or property, or provision of service; and to fix in each fiscal year, a water standby or availability charge on land within the boundaries of the District to which water is made available by the District. The District may also issue bonds, borrow money and incur indebtedness.

Governance

The District's Board of Directors is comprised of five members elected by the citizens within their geographical area (divisions). Each Director serves a four-year staggered term and must be a resident of the division he or she represents. The District operates under a Board-Manager form of government. The General Manager is appointed by the Board and administers the daily affairs of the District and carries out policies of the Board of Directors. The District budgets a staff of 88 under the direction of the Board-appointed General Manager.

Water Services

The District serves more than 29,000 customers. Typically, 15 to 25 percent of the District's water comes from its local water supply, Lake Henshaw, and remainder comes from purchased water sources, including the Colorado River, desalinated seawater and the

Sacramento River/San Joaquin River Delta in Northern California. In years when Lake Henshaw is low, over 90 percent of the water delivered to customers would come from purchased water sources via SDCWA. The District currently delivers approximately 14,000 acre feet of water annually to its customers.

The water system operates over 429 miles of pipe, 12 storage reservoirs, and 8 pump stations. The District jointly owns the Escondido-Vista water treatment plant (EVWTP) with the City of Escondido. The EVWTP has a permitted capacity of 75 million gallons per day and treats raw water before it is delivered to customers.

Local Economy

District Economic Results

The estimated population of the District is 132,430. According to the San Diego Association of Governments, the per capita personal income of residents in the City of Vista, which encompasses the majority of the District's service area, was \$58,044 in 2023. From 2013 to 2023 the population increased 3.2%, and the median household income (adjusted for inflation) increased by 15.5%.

The District's total service connections increased from 29,083 to 29,116 in Fiscal Year 2024. Water sales during that same period were 14,048 acre feet, down 298 acre feet or 12.1% from sales of 14,346 in Fiscal Year 2023. Of the 14,048 acre feet, or 4.6 billion gallons sold in Fiscal Year 2024, 72% was distributed for residential use, 12% for industrial and commercial use, 10% for landscape irrigation use, 4% for agricultural use and 2% for governmental use.

Bay-Delta Fix

The Bay-Delta, a 1,000 square mile network of islands and waterways at the confluence of the Sacramento and San Joaquin rivers east of San Francisco Bay, is a key water supply source for California, including the 3.1 million residents and business community in San Diego County.

Water supplies from the Bay-Delta come to San Diego County via the State Water Project. The Metropolitan Water District of Southern California (MWD) purchases the water from the State Department of Water Resources under a water supply contract. This water has become increasingly unreliable in recent years, as deteriorating ecological conditions have led to regulatory restrictions on pumping water supplies from the Bay-Delta. How much and when the District would begin paying for a Bay-Delta fix (via its water wholesalers, SDCWA and MWD) is undetermined at this time.

MWD Lawsuit

During 2021 and 2022, the SDCWA was successful in its decade-long rate case litigation against MWD and received payments for damages interest and legal fees from MWD

totaling over \$91.1 million. The SDCWA Board of Directors distributed pro-rata shares to each of its member agencies. There were a total of four distributions made to each member agency, two in each year; three of the distributions were based on each member agency's purchases of municipal and industrial (M&I) water from 2011 to 2014 and one distribution was based on each member agency's purchases of M&I water from 2015 through 2017.

The District received its pro-rata share of the disbursements totaling \$3,183,170.62 during 2021 and 2022 (\$1,571,006 in February 2021; \$1,227,642.91 in November 2021; \$369,938.92 in June 2022; and \$14,582.44 in August 2022). The District's Board of Directors approved using the monies received to offset the financial impact of SDCWA rate increases beginning in April 2022 and continuing over a five-year period.

Long-Term Financial Planning

New facilities and system improvements are funded by water rates and service fees. Water rates and service fees are increased over time based on the long-range capital improvement plan to replace facilities. Expanded facilities are funded by developer fees and capacity charges.

Items in the long-range capital improvement plan are determined not only by the depreciation schedule, but through a process which assesses a combination of factors including age, condition and the critical nature of the facility. The long-range capital improvement plan spreads projects over several years to maintain a constant level of capital projects to maximize the efficiency of District resources. Funds collected or accumulated in years in which there are no new or expanded facilities are placed into the District's capital improvement reserve account. Funds in the capital improvement program reserve account are used to pay for construction projects in years that the costs of construction projects exceed the amount collected from water rates. Financing options may need to be considered and utilized should the cost of a large capital project exceed the amount available on a "pay-as-you-go" basis and/or in the capital improvement program reserve.

Major Initiatives

Mainline Replacement Program

In 1995, the District's Board of Directors initiated an on-going Main Replacement Program with the goal of replacing aging pipelines before they reach the end of their useful life and become a maintenance liability. Formalizing a Main Replacement Program has allowed pipe replacements to be prioritized based on the age of the line, leak history, and pipe material as well as factors related to site conditions. Another important factor is input from District crews, who evaluate the line's condition at the time repairs are being made.

Since its inception, the Board of Directors has allocated \$39.375 million to the program, which has allowed the replacement of nearly 41.32 miles of older pipe ranging in size from 4 to 20 inches.

Accomplishments

Financial Statement Awards and Acknowledgements

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgements

We would like to express our appreciation to the Finance Department staff and the independent accounting firm of Davis Farr LLP for the efforts made to prepare this report. We would also like to thank the members of the District's Board of Directors for their continued interest and support in all aspects of the District's financial management.

Respectfully submitted,

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the Vista Irrigation District (the District), as of and for the year June 30, 2024, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the District, as of June 30, 2024, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The District’s management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis, the Schedule of the Proportionate Share of the Plan's Net Pension Liability and Related Ratios, Schedule of Contributions – Pension Plan, Schedule of Changes in the Net OPEB Liability and Related ratios and Schedules of Contributions – OPEB* be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Summarized Comparative Information

We have previously audited the District's 2023 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 16, 2023. MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2024**

Our discussion and analysis of the Vista Irrigation District’s financial performance provides an overview of the District’s financial activities for the fiscal year ended June 30, 2024. Please read it in conjunction with the District’s financial statements, which begin on page 9. This annual financial report consists of two parts -- Management’s Discussion and Analysis (this section) and the Financial Statements.

Financial Statements

The District’s financial statements include four components:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows
- Notes to Financial Statements

The Statement of Net Position includes all of the District’s assets, deferred outflows, liabilities and deferred inflows, with the difference reported as net position. Net Position is displayed in two categories:

- Investment in capital assets
- Unrestricted

The Statement of Net Position provides the basis for evaluating the capital structure of the District and assessing its liquidity and financial flexibility.

The Statement of Revenues, Expenses and Changes in Net Position presents information that shows how the District’s net position changed during each year. All the year’s revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The Statement of Revenues, Expenses and Changes in Net Position measures the success of the District’s operations during the year and determines whether the District has recovered its costs through user fees and other charges.

The Statement of Cash Flows provides information regarding the District’s cash receipts and cash disbursements during the year. This statement reports cash activity in four categories:

- Operating
- Noncapital financing
- Capital and related financing
- Investing

This statement differs from the Statement of Revenues, Expenses and Changes in Net Position by only accounting for transactions that result in cash receipts or cash disbursements.

Financial Analysis of the District

Net Position - The District's overall net position increased \$10.3 million between fiscal years 2023 and 2024 (\$125.2 to \$135.5 million) primarily due to an operating gain of \$7.8 million and \$1.5 million in investment income. The investment in capital assets increased \$5.1 million in 2024, which reflects the excess of net capital additions over the current year depreciation and dispositions.

**VISTA IRRIGATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024**

Note 1 - Reporting Entity and Summary of Significant Accounting Policies

Description of the Reporting Entity

Vista Irrigation District (District) is a public entity established in 1923, pursuant to the Irrigation District Act of the California Water Code, for the purpose of providing water services to the properties in the District. The District's service area lies within the northwestern quadrant of San Diego County, encompassing approximately 21,152 acres. Historically, the District has received between 15% to 25% of its water supply from Lake Henshaw which, along with the surrounding 43,000-acre Warner Ranch, is owned and operated by the District; the remainder of the District's supply comes from desalinated seawater, from Northern California through the State Water Project and from the Colorado River. These sources are conveyed to the District via aqueducts owned and operated by its water wholesalers, the Metropolitan Water District of Southern California (Metropolitan) and the San Diego County Water Authority (Water Authority). The District is governed by a Board of Directors consisting of five directors elected by geographical divisions, based on District population, for four-year alternating terms.

The criteria used in determining the scope of the reporting entity are based on the provisions of the Governmental Accounting Standards Board (GASB). The District is the primary government unit and currently has no component units. Component units are those entities which are financially accountable to the primary government, either because the District appoints a voting majority of the component unit's board, or because the component unit will provide a financial benefit or impose a financial burden on the District.

Basic Financial Statements

The basic financial statements are comprised of the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, the Statement of Cash Flows and the Notes to the Basic Financial Statements.

Basis of Presentation

The accounts of the District are reported as an enterprise fund. An enterprise fund is a Proprietary type fund used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied. The accompanying financial statements are reported using the economic resources measurement focus, and the accrual basis of accounting. Under the economic measurement focus all assets, deferred outflows of resources, liabilities and deferred inflows of resources (whether current or noncurrent) associated with these activities are included in the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. Those estimates and assumptions affect: the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For the purposes of the Statement of Cash Flows, all investment instruments are considered cash equivalents if purchased with a maturity of three months or less and are readily convertible to known cash amounts.

Investments

Investments are reported at fair value in the Statement of Net Position. All investment income, including changes in the fair value of investments, is recognized as revenues in the Statement of Revenues, Expenses, and Changes in Net Position. Investments that are not traded on a market, such as investments in external pools, are valued based on the stated fair value as represented by the external pool.

Accounts Receivable

Accounts receivable includes billed and unbilled water sales provided to District customers. An allowance for doubtful accounts is provided for uncollectible accounts based on the District’s bad debt experience and on management’s estimate.

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

Inventories of Materials and Supplies

Inventories of materials and supplies consist primarily of materials used in the construction and maintenance of the water system and are valued at average cost.

Prepaid Expenses

Certain payments to vendors reflect costs or deposits applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

Capital Assets and Depreciation

The District records at cost the acquisition of capital assets greater than \$20,000 and with a useful life of three or more years. Contributed assets are recorded at their acquisition value at the date of acceptance by the District. Self-constructed assets are recorded in the amount of labor, material and overhead incurred. Depreciation is charged to expense and is computed using the straight-line method over the estimated useful lives of the respective assets as follows:

	<u>Useful Life</u>
Buildings, canals, pipelines, reservoirs and dams	15 - 80 years
Equipment	3 - 25 years
Henshaw pumping project	10 - 20 years
Information Technology subscription asset	The estimated life of the leased asset or the contract term, whichever is shorter

Burden Allocation

The District allocates overhead burden costs to pipeline installation jobs, inspection work, fixed fee jobs, damage claims and other small jobs. The overhead burden costs include management salaries, benefits, use of equipment, warehousing and handling.

Vacation, Sick Leave, and Compensatory Time Off

The District records a liability equal to 100% of vacation earned and compensatory time off and an applicable percentage of sick leave available to employees at year end (25%-100%), which is included in compensated absences, current and long-term portions. At June 30, 2024, the current portion of compensated absences was \$461,444 and the long-term portion was \$951,643.

For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

Measurement Date	June 30, 2023
Measurement Period	July 1, 2022 to June 30, 2023

For this purpose, the District's OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024**

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

Deferred Outflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The District has pension-related and other postemployment benefits-related items in this category.

Deferred Inflows of Resources

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until then. The District has pension-related, other postemployment benefits-related, and lease-related items in this category.

Leases

The District is a lessor for various noncancellable leases of land for cellular towers and other third parties. The District recognizes a lease receivable and a deferred inflow of resources in the Statement of Net Position.

At the commencement of the lease, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. During the term of the lease, the lease receivable is reduced by the principal portion of the lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease start date. The deferred inflow of resources is recognized as lease revenue over the life of the lease term.

Estimates and judgements are made by the District to determine (1) the discount rate to use to discount the expected lease receipts to present value, (2) the term of the lease, and (3) lease receipts.

The District uses an average imputed interest rate for borrowing as the discount rate for leases.

The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable are comprised of fixed payments from the lessee.

The District monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if changes occur that are expected to significantly affect the amount of the lease receivable.

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

Subscription-Based Information Technology (IT) Arrangements

The District is a participant in subscription-based IT arrangements as detailed in Note 9. The District recognizes a subscription-based IT payable and a right-to-use IT asset in the financial statements.

At the commencement of the arrangement, the District initially measures the payable at the present value of payments expected to be paid during the arrangement term. Subsequently, the payable is reduced by the principal portion of payments made. The right-to-use assets are initially measured at the initial amount of the subscription-based payable. Subsequently, the right-to-use assets are amortized over the life of the arrangement term.

Operating Revenues and Expenses

Operating activities generally result from providing services and producing and delivering goods. As such, the District considers revenues received from water sales, capacity fees, connection and installation fees and property rentals to be operating revenues. The collection of deposits and return of deposits related to operating activities are reported in the District's cash flows from operating activities. Operating expenses include the cost of sales and services, administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The collection of deposits and return of deposits related to the specific purpose of deferring the cost of acquiring, constructing or improving assets are reported in the District's cash flows from capital and related financing activities.

FOR THE YEAR ENDED JUNE 30, 2024**

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

Net Position

In the Statement of Net Position, net position is classified in the following categories:

- Net investment in capital assets - this amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the assets.
- Restricted net position - this amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.
- Unrestricted net position - this amount is all net position that does not meet the definition of “investment in capital assets” or “restricted net position”.

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted - net position and unrestricted - net position in the Statement of Net Position, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the District’s practice to consider restricted - net position to have been depleted before unrestricted - net position is applied.

Property Taxes

Property taxes are attached as an enforceable lien on property as of March 1. Taxes are levied on July 1 and are due in two installments; the first installment is due on November 1 and is payable through December 10 without penalty and the second installment is due February 1 and becomes delinquent on April 10. Property taxes are remitted to the District from the County of San Diego at various times throughout the year.

Within the contents of these limitations, permissible instruments include FDIC-insured institutions’ certificates of deposit and savings accounts, corporate medium-term notes, U.S. government agency/instrumentalities, money market instruments, money market mutual funds, mortgage backed securities, U.S. government bills, notes and bonds, and asset backed securities. Funds may also be invested in the local government investment pools.

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the District’s investment in this pool is reported in the accompanying financial statements at amounts based upon the District’s pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio).

**VISTA IRRIGATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024**

Note 2 - Cash and Investments (Continued)

The District is a voluntary participant in the California Asset Management Program (CAMP), an investment pool managed by Public Financial Management, Inc. CAMP was established under provisions of the California Joint Exercise of Powers Act. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by CAMP for the entire CAMP portfolio (in relation to the amortized cost of that portfolio).

Interest Rate Risk. In accordance with its investment policy, the District manages its exposure to declines in fair values by limiting investment maturities to five years. Express authority is granted to invest in investments with term to maturity of greater than five years with a maximum term of 10 years, provided the investments are in accordance with stated policy and total investments shall not exceed the amount of long term liabilities outstanding. Investments exceeding five years will be matched with a corresponding liability.

Credit Risk. State law and District policy limits investments in money market funds to the top ratings issued by nationally recognized statistical rating organizations. The District's investment in the California Asset Management Program was rated AAAM by Standard & Poor's Corporation. The District's investment in the California State Treasurer's investment pool (LAIF) was unrated. U.S. Treasury bills are exempt from rating disclosures.

Concentration of Credit Risk. The District manages the concentration of credit risk by limiting local government investment pools and money market funds to a maximum of 40% and 20%, respectively, of the District's total available investment capital as outlined in the District investment policy. Furthermore, no more than 10% of the District's available investment capital can be invested in a single money market fund.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. All deposits are entirely insured or collateralized. State law requires banks to secure the District's deposits by pledging government securities valued at 110% of the amount of the deposit as collateral. The District may waive the collateral requirement for deposits that are fully insured by the Federal Deposit Insurance Corporation (FDIC). Beginning on January 1, 2013, combined deposits are insured by the FDIC up to \$250,000. As of June 30, 2024, the District's bank balances were \$1,140,266, of which \$250,000 were insured and the remaining \$890,266 were collateralized with securities held by the pledging institution's trust department.

The District determined the funds do not belong to the District but rather to the ratepayers. The rebate is being returned to the ratepayers as a reduction to rates over five years beginning in April 2022. A non-operating expense and a liability to the ratepayers was recognized. Amortization of the case rebate liability in the amount of \$655,860 was recorded for the current fiscal year. Note 6 - Defined Benefit Pension Plan

A. General Information about the Pension Plan

Plan Description

The Plan is a cost-sharing, multiple-employer defined benefit pension plan administered by the CalPERS. A full description of the pension plan regarding number of employees covered, benefit provisions, assumptions (for funding, but not account purposes) and membership information is listed in the Annual Actuarial Valuation Report. Details of the benefits provided can be obtained in Appendix B of the actuarial valuation report. The actuarial valuation report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications, at www.calpers.ca.gov.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan operates under the provisions of the California Public Employees' Retirement Law (PERL), the California Public Employees' Pension Reform Act of 2013 (PEPRA), and the regulations, procedures and policies adopted by the CalPERS Board of Administration. The Plan's authority to establish and amend the benefit terms are set by PERL and PEPRA and may be amended by the California state legislature and in some cases require approval by the CalPERS Board.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. District contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contributions requirements are classified as plan member contributions.

B. Net Pension Liability

The District’s net pension liability was measured as of June 30, 2023 using an annual actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures.

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement periods ended June 30, 2023, the total pension liability was determined by actuarial valuations as of June 30, 2022, with update procedures used to roll forward the total pension liability. The total pension liability for the Plan was based on the following actuarial methods and assumptions:

Valuation Date	June 30, 2022
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value of Assets
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.30%
Salary Increases	(1)
Mortality Rate Table	(2)
Post Retirement Benefit Increase	(3)

(1) Varies by entry age and service.

(2) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. Mortality rates incorporate full generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the 2021 experience study report from November 2021 that can be found on the CalPERS website.

(3) The lesser of contract COLA or 2.30% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.30% thereafter.

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS considers short-term and long-term market return expectations. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points.

The expected real rates of return by asset class at measurement date June 30, 2023 are as follows:

<u>Asset Class (a)</u>	<u>Assumed Asset Allocation</u>	<u>Real Return (a)(b)</u>
Global Equity - Cap-weighted	30.00%	4.54%
Global Equity - Non-Cap-weighted	12.00%	3.84%
Private Equity	13.00%	7.28%
Treasury	5.00%	0.27%
Mortgage-backed Securities	5.00%	0.50%
Investment Grade Corporates	10.00%	1.56%
High Yield	5.00%	2.27%
Emerging Market Debt	5.00%	2.48%
Private Debt	5.00%	3.57%
Real Assets	15.00%	3.21%
Leverage	(5.00%)	(0.59%)
Total	<u>100.00%</u>	

(a) An expected inflation of 2.30% used for this period.

(b) Figures are based on the 2021 Asset Liability Management study.

FOR THE YEAR ENDED JUNE 30, 2024**

Note 6 - Defined Benefit Pension Plan (Continued)

B. Net Pension Liability (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

C. Proportionate Share of Net Pension Liability

The following table shows the Plan’s proportionate share of the net pension liability over the measurement period.

Miscellaneous Plan:

	Increase (Decrease)		
	Plan Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Plan Net Pension Liability (c) = (a) - (b)
Balance at: 6/30/2022 (VD)	\$ 112,639,852	\$ 88,896,297	\$ 23,743,555
Balance at: 6/30/2023 (MD)	\$ 117,780,560	\$ 91,895,128	\$ 25,885,432
Net Changes during 2022-23	\$ 5,140,708	\$ 2,998,831	\$ 2,141,877

Valuation Date (VD), Measurement Date (MD).

The District’s proportionate share of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The change in the District’s proportionate share of the collective net pension liability was as follows:

Proportionate Share - June 30, 2022	<u>0.50742%</u>
Proportionate Share - June 30, 2023	<u>0.51767%</u>
Change - Increase (Decrease)	<u><u>0.01025%</u></u>

Note 7 – OPEB Plan

Plan Description

The District provides post-retirement medical benefits to retirees through the Association of California Water Agencies (ACWA) health program and managed through the California Employers’ Retiree Benefit Trust (CERBT).

The plan is an agent multiple-employer defined benefit healthcare plan that provides retiree medical benefits to eligible retirees and spouses. The plan pays 100% of the cost (premiums) for benefits. To be eligible for retiree health benefits, an employee must retire under CalPERS on or after age 50 with at least 15 years (10 years for at-will employees) of service with the District. Coverage is available to the retiree and the spouse for a combined maximum of 15 years (20 years for at-will employees). The maximum coverage period for the retiree is 10 years and the spouse can be covered for up to the same number of years as the retiree subject to the combined maximum. Employees hired on or after January 1, 2012 are not eligible to continue health benefits at retirement. A separate financial report is not prepared for the plan.

Employees Covered

As of the June 30, 2023 actuarial valuation, the following current and former employees were covered by the benefit terms under the plan:

Inactive employees or beneficiaries currently receiving benefits	30
Active employees	<u>38</u>
Total	<u><u>68</u></u>

Contributions

The Plan and its contribution requirements are established by District policy and may be amended by the Board of Directors. The annual contribution is based on the actuarially determined contribution. For the measurement date ended June 30, 2023, the District’s contribution was \$94,573.

Note 7 – OPEB Plan (Continued)

Net OPEB Liability (Asset)

The District’s net OPEB liability (asset) was measured as of June 30, 2023, and the total OPEB liability (asset) used to calculate the net OPEB liability (asset) was determined by an actuarial valuation dated June 30, 2023. A summary of the principal assumptions and methods used to determine the total OPEB liability (asset) is shown below.

Actuarial Assumptions

The total OPEB liability (asset) in the June 30, 2023 actuarial valuations was determined using the following actuarial assumptions:

Valuation Date	June 30, 2023
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	6.75%
Inflation	2.50%
Projected Salary Increase	2.75% per annum, in aggregate
Expected long term investment rate of return	6.75%
Healthcare Cost Trend Rates	4.0% HMO/4.0% PPO
Pre-retirement Turnover	Derived from termination rates under the CalPERS pension plan
Mortality	Derived from CalPERS pension plan updated to reflect most recent experience study

The long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024**

Note 7 – OPEB Plan (Continued)

Actuarial Assumptions (Continued)

Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan’s target asset allocation at measurement date June 30, 2023 are summarized in the following table:

<u>Asset Class</u>	<u>New Strategic Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
CERBT		
All Equities	49.00%	7.55%
All Fixed Income	23.00%	4.25%
REITs	20.00%	7.25%
All Commodities	3.00%	7.55%
Treasury Inflation Protected Securities (TIPS)	5.00%	3.00%
Total	<u>100.00%</u>	

Discount Rate

The discount rate used to measure the total OPEB liability (asset) was 6.75%. The projection of cash flows used to determine the discount rate assumed that District’s contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability (asset).

Board of Directors
Vista Irrigation District
Vista, California

We have audited the financial statements of the Vista Irrigation District (the District) as of and for the year ended June 30, 2024, and have issued our report thereon dated November 13, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated September 25, 2024, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence under the American Institute of Certified Public Accountants ("AICPA") independence standards, contained in the Code of Professional Conduct.

We identified self-review threats to independence as a result of non-attest services provided. Those non-attest services included the preparation of the statement of cash flows. To mitigate the risk, management has compared the draft statement of cash flows to the underlying accounting records to verify accuracy.

Additionally, we utilize a quality control reviewer to perform a second review of the statement of cash flows. We believe these safeguards are sufficient to reduce the independence threats to an acceptable level.

Significant Risks Identified

We have identified the following significant risks:

We have identified capital assets as a significant risk. Management's estimate of which capital projects represent ordinary maintenance activities necessary to keep an asset operational for its originally intended useful life versus significant improvement, replacement, and life extending projects that should be capitalized as additions to capital assets is based on management's knowledge of the assets and their useful lives.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the District is included in Note 1 to the financial statements. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

- Management's estimate of transactions related to net pension and OPEB liabilities based on actuarial information.
- Management's estimate of the GASB 87 lease transactions based on a single leasing model for accounting and reporting purposes.

We evaluated the key factors and assumptions used to develop the estimates and determined that it is reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of Capital Assets in note 4 to the financial statements.
- The disclosure of Accrued Expenses and Other Liabilities in note 5 to the financial statements.
- The disclosure of Pension in note 6 to the financial statements.
- The disclosure of OPEB in note 7 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to your significant unusual transactions identified during our audit. There were no significant unusual transactions identified as a result of our audit procedures.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no such misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were none.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the District's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated November 13, 2024.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the District's auditors.

Other Information Included in Annual Comprehensive Financial Report

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in the District's annual reports, does not extend

beyond the information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have read the information and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Board of Directors and management of the District and is not intended to be and should not be used by anyone other than these specified parties.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors
Vista Irrigation District
Vista, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Vista Irrigation District (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 13, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

STAFF REPORT

Agenda Item: 8

Board Meeting Date: January 8, 2025
Prepared By: Shallako Goodrick
Approved By: Brett Hodgkiss

SUBJECT: FINANCIAL REPORT FOR THE YEAR ENDED JUNE 30, 2024

RECOMMENDATION: Informational report concerning the financial results of the District.

PRIOR BOARD ACTION: None.

FISCAL IMPACT: None.

SUMMARY: Attached for review by the Board of Directors is the Financial Report for the Year Ended June 30, 2024. This report includes the following items:

FINANCIAL STATEMENTS

- Lake Henshaw Operations - Statements of Revenues and Expenses

SPECIAL REPORTS

- Water Statistics Budget Comparison
- Revenue and Expense Budget Comparison
- Capital Outlay Comparison
- Legal Expenses

The Lake Henshaw financial statements reflect revenues and expenses directly related to operating Lake Henshaw and the surrounding Warner Ranch. Lake Henshaw revenues were \$7,314,305, which included an estimated value of \$6,464,975 in local water that was provided to the District; expenses were \$1,666,178, less than projected due to the over accrual of the prior year expense (\$1,788,240) for the San Pasqual Undergrounding Project (SPUP). Lake Henshaw Operations experienced a \$5,648,127 operating gain for Fiscal Year (FY) 2024. The cost of local water was approximately \$550 per acre foot (after removing the over accrual of the prior year SPUP expense) in FY 2024.

The first three special reports listed above compare the actual results for the year ended June 30, 2024 with the budgeted amounts approved by the Board.

Overall, the District experienced a \$10.1 million operating gain versus a projected \$11.8 million operating gain this fiscal year primarily due to lower than projected water sales (attributable to wet weather in winter/spring) and higher than anticipated pension expense.

THE VISTA HISTORICAL SOCIETY

VOLUME 1 OF 2

ADAMS-HUTCHINS

THE HISTORY OF THE VISTA HALL OF FAME

The Hall of Fame was created over 30 years ago and currently has over 130 members.

The Vista Hall of Fame was created in 1989 as part of Vista Heritage Week, to honor significant people and their achievements that have enriched Vista's vibrant history. Inductions were made in each of the next three years, ceasing in 1992 and starting again in 1995.

The Vista Historical Society then received custody of the photographs.

In early 1994, upon the completion of the Vista Historical Society Museum, the Historical Society began to display the Hall of Fame members' photographic portraits in the museum.

Currently there are two divisions of membership, the Regular Division and the Early Residents Division. The qualifications of each division are described below. Each year a member of each division must be elected to the hall. There is no upper limit to the number of new members that can be elected each year .

CRITERIA FOR NOMINATION TO THE HALL OF FAME

Regular Division

Each nominee must have lived a minimum of 20 years in Vista, not necessarily consecutively. This criterion may be waived if it is not considered appropriate.

Each nominee must have made significant contributions to the betterment of the community.

Married couples who both meet the criteria may be nominated together as one nominee.

The nominee may be either living or deceased.

Early Residents Division

The criteria is the same as for the Regular Division, and in addition the nominee must have died at least 20 years before the nomination unless waived.

VISTA HALL OF FAME

Thomas J. Adams
1891-1974

Elected to the Vista Hall of Fame Early Residents Division 2016

Thomas J. (T.J.) Adams was the second longest serving member of the Vista Irrigation District (VID) Board of Directors, second only after “Mr. Water” himself, Hans Doe. Mr. Adams served on the VID board for 25 years, from March 1949 to July 1974. It was during his 25-year tenure on the VID board that Vista became incorporated as a City in 1963. The population of Vista grew from 8,300 in 1949 to 39,000 in 1974. Mr. Adams was seated as chair of the VID board of directors in 1954, where he remained chair until he passed away in office in 1974. It was through his leadership that the district was able to accommodate the tremendous population growth with all of the necessary facilities and water rights for the people of Vista.

Adams, a native of Louisville, Ken., had made his home in Vista since 1946, coming here from Pittsburgh, Pa., where he had been U. S. Steel's chief metallurgical engineer for 15 years. Adams had owned an avocado grove on Phillips Street when he first came to this city.

In 1951, as a result of a five-year drought, the level of Lake Henshaw (the primary water source for Vista), virtually dried up, going from 120,000 acre feet to only 200 acre feet. In response, VID dug 31 wells at its Warner Ranch watershed, and began pumping water into Lake Henshaw. The need for water for the people of Vista continued to grow with the increase in population and the district began to eye other sources, but few options were available to such a small agency. In 1954, a special election was held in which the people of Vista voted to join and receive imported water from the San Diego County Water Authority. In 1961, the district built its new headquarters on Connecticut Avenue to combine the field and office operation in one location to better serve the VID customers. During Mr. Adams' tenure as president of the VID board, to further accommodate the City's continued growth and demand for water, the district began planning to build a water treatment plant jointly with the City of Escondido. This plant was completed shortly after Mr. Adams' death and allowed all the residents of Vista to receive fully treated water for the first time.

VISTA HALL OF FAME

**Carl Ames
1938-2018
Carol Brady
Elected to Vista Hall of Fame
Regular Division 2019**

Carl and Carol met in Kiwanis. They have been very busy in the community through the Kiwanis Club of Sunrise. Carl has been a member for 35 years and served two separate terms as President. Carl was the Kiwanis Division 37 Lt Governor in 2014/15 (over 18 clubs). He had been the Club Advisor for the Vista High Key Club for 10 years, brought back the fireworks to Vista his first term as President, and has served breakfast at Brother Benno's Soup Kitchen. Carl was also Kiwanian of the Year two years in a row with the Kiwanis Club of Sunrise Vista. (2007 and 2008). He was captain of the Kiwanis Club team for several years for the Vista ROC project. The team included club members and Key Club members from Vista High School. Carl was a judge for two years for the Pride of Vista Beauty Pageant.

Carl and Carol came up with the idea of a wine and food tasting fundraiser for the Kiwanis Club which has evolved into the Grape Gatsby Affaire. Along with a committee of 15 club members, it grew into a 1920's theme fundraiser which the Club is celebrating its 11th year in April of this year and is the Kiwanis Club's major fundraiser.

Carl was also a Club Scout leader and Boys Scout leader at Beaumont School when his boys were little. He also received Have a Heart 4 Kids Award from the Boys and Girls Club in 2008.

He was an Elder at Faith Lutheran Church.

Carl and Carol also took part in the 9/11 Commemorative BBQ that is sponsored by Faith Lutheran Church each year. We work with Honor Flight of San Diego to get 4 WWII Veterans to be our guest and to honor them.

Carol has been President of the Kiwanis Club of Sunrise Vista for two terms (2011-2013) and has been a member for 13 years. She was Kiwanian of the Year 2006/7 and 2008/9. Carl and Carl received the Have a Heart 4 Kids Award from

the Boys and Girls Club 2008. Carol has been active at Faith Lutheran Church in many different capacities for the 45 that years she has been a member. Carol was the Den Mother for the Cub Scout sponsored by Faith Lutheran Church when her son was small.

Working for Kids is a passion for Carl and Carol. The one closest to our heart is the StandUp for Kids drop in center in Oceanside which serves all the kids of North County. StandUp works to get the kids off the street. Carol was honored as a special donor last year. I was able to get StandUp For Kids Oceanside to be a Kiwanis Division 37 Project. We ask other clubs for sleeping bags, clothing, toiletries, bottled water and food items

Carol has been a long time supporter of the Oceanside chapter of StandUp For Kids. She is an advocate and avid donor. She shines a constant spotlight on our program and the plight of our kids. She is a shoulder to lean on for the volunteers and always brings her support with a huge hug and a smile. She IS an angel.

We asked Carol how she became involved with StandUp For Kids, here's Carol's story:

I originally got involved in Stand Up prior to 2007 because a friend asked me to donate hygiene products for the girls. Then in 2007, I got back to supporting Stand Up because I was better informed of the needs of the Kids. I got my Kiwanis Club of Sunrise Vista involved and our first donation at that time was a pickup truck load of clothes, water, food packs and personal hygiene items for both boys and girls. I have never been homeless, but I can relate to the Kids needing what we take for granted living in a home. My family was poor when I was a child growing up. About 5 years ago, I started a tradition at Christmas time to donate a Ginger Bread House kit for the Kids so they could be doing something fun as if they were in a home environment. My husband, Carl, has been my big supporter. It breaks our heart when we are having bad weather or it is cold, knowing our Kids are out in the weather.

In 2008, I asked the Lt Governor for our Kiwanis Division 37 (who oversees 18 Kiwanis club) to make Stand Up For Kids Oceanside a Division Project and it has remained a Divisional Project to date. Our Kiwanis Club donates all the water....I put out pleas for water and my husband, Carl, and I deliver it to Stand Up along with any other items I have collected for the Kids. When the present location needed repairs to the patio where the kids eat their meals, we contacted a friend of ours and he donated materials and labor to make it comfortable.

Carl and I were honored to assist another Kiwanis Club in a past Thanksgiving by serving dinner to the Kids.

VISTA HALL OF FAME

**John Barrett
1908-1978
Gene Barrett
1909-1993**

Elected to the Vista Hall of Fame Early Residents Division 2016

In 1939, John and Gene Barrett and their two children moved to Vista.

Also in 1939, John Arthur Barrett and Harold Sanborn operated the "Barrett and Sanborn Market" on East Vista Way. Later, they opened a larger market at 306 South Santa Fe Ave. at Eucalyptus Ave. The produce department was operated by Ted Minge; the bakery by Roger MacDonald and his wife, Lois; the liquor department by Bert Baletto.

In 1942, "Barrett and Sanborn Market" was changed to "Buy and Save" and the business was incorporated. John and his wife, Gene, enlarged the Vista "Buy and Save" and branched out, establishing other "Buy and Save" markets in Fallbrook, Carlsbad, Oceanside, Escondido, Encinitas and other points in San Diego County. Their central warehouse was in San Marcos. Their son, Richard, and their daughter, Barbara, became a very important part of "Buy and Save's" growth.

Vista was a quiet little town with a beautiful climate and friendly people; a lovely place to raise a family.

John Barrett was on the school board; Richard played football for Vista High School, and Barbara Barrett was drum majorette for the band. Gene Barrett did her share working for the P.T. A.

In 1945, John learned to fly an airplane and Gene took lessons. They became the flying Barretts, attending many grocers' conventions, looking for better ways to serve the public with bigger and better "Buy and Save" markets.

Also, in 1945, their home, El Adobe Casa, was built on what is now East Sunrise Drive. The adobe bricks were made from local soil, molded and dried in the sun. John and Gene designed the adobe, with much

of the work done by John and son, Richard. Lupe Lara and Son were the builders.

In 1962 "Buy and Save" merged with Mayfair Markets.

"Buy and Save" markets was a family venture for the four Barretts. They all worked, and it was a happy time to be part of Vista. John Arthur Barrett died in 1978 and is buried in Eternal Hills Cemetery. Gene Barrett died in 1993. A memorial bench in Eternal Hills carries the family name.

**Ray Betraun
1923-1991**

Elected to Vista Hall of Fame Early Residents Division 2018

Early Vistans knew that securing a reliable source of water was vital to the growth of their burgeoning agricultural community. Those early pioneers worked tirelessly to ensure their community had water for their crops, their families and for future generations. From forming the Vista Irrigation District (VID) to purchasing Lake Henshaw, community leaders searched for a secure water supply that would meet current and future resource demands. Ray Betraun embodied that community spirit and his contributions to Vista are still felt to this day.

Ray Betraun was born in Buffalo, New York on Christmas Day in 1923 and he moved with his family to Vista as a young boy in 1929. He grew up in Vista and graduated Class of 1942 from Vista High School. Ray went on to major in Mechanical Engineering at the University of Texas and then joined the U.S. Navy, proudly serving as part of a

VISTA HALL OF FAME

submarine fleet in World War II.

After his military service, Ray returned to Vista to build a life. He married Shirley Wilkinson in 1948 and they had two daughters, Vicki and Jana. Ray worked with his father and brothers at the family construction business, A.E. Betraun & Sons Construction Company, building many community buildings in Vista, including the former Vista Irrigation District headquarters located at 202 West Connecticut Avenue. After his father retired, Ray continued the family business as Betraun Construction Company.

Ray valued civic duty. He and Shirley were very active with the Vista Historical Society throughout their lives. Ray was also President and State Director of the Vista Jr. Chamber of Commerce, a Buena Colorado Municipal Water District board member, and a Liberty National Bank board member for 10 years.

Ray was elected to the VID Board of Directors in 1973. He was a VID Director for 18 years, serving as the President of the Board from 1986 to 1991. Ray served on the VID Board during a period of growth and development, overseeing the completion of the Escondido-Vista Water Filtration Plant at Dixon Reservoir in 1976, the relocation of the 20 million gallon Pechstein Reservoir in 1978, upgrades to portions of the Vista Flume during the 1980s and major renovations of the Lake Henshaw dam in 1981. He was also instrumental in preventing Blue Canyon Landfill from being located near Lake Henshaw, thus protecting VID's groundwater supply for many generations. Ray was also a member of "Vistans for Water Committee" and helped Vista navigate through the early years of the 1990's drought.

Ray passed away in May 1991. He will long be remembered for his record of commitment to his community and his public spirited dedication, including safeguarding Vista's local water sources and ensuring a reliable water supply for his community he loved so dearly.

**Leon Bone
1874-1962**

Elected to Vista Hall of Fame Early Residents Division 2013

Leon Bone, always known as Judge Bone in Vista, was a man of many talents. In addition to his legal expertise, he was a prolific poet and author.

The Vista Historical Society is fortunate to have the original manuscript of *Day Dreams*, his book of original poems, and several hard copies of his science fiction novel, *Naomi, Daughter of Ruth*, published in 1952.

Born in Vandalia, Illinois, on March 22, 1874, Bone attended Austin College in Effingham, Illinois, for one year and was secretary and vice president of the debating team.

He then taught elementary school for four years and graduated from the Gem City Business College in Quincy, Illinois.

Bone moved on to George Washington University, determined to obtain his law degree, and graduated with the Law Class of 1905.

While there, he served as president of the university's Needham Debating Society.

The Vista Historical Society's original copy of the University news magazine, *The University Hatchet*, dated December 21, 1904, congratulates Bone on being a major force on the debate team: "He is a forceful speaker and his earnestness in the presentation of his argument carries conviction with it." He was described as an "indefatigable worker" at research who made "remarkable strides" in debating while at GWU.

Bone's given name was Leonie, later shortened to Leon.

Judge Bone was married to his wife, Cora, for 53 years. The couple had two children, Victor and Velma. Several of his descendants still reside in the area.

The United States Federal Bureau of Investigation (FBI) was formed in 1910, and Bone became one of the organization's first agents the following year. He was closely involved with the investigation and capture of such notorious criminals as John Dillinger, Pretty Boy Floyd and Machine Gun Kelly.

The Historical Society has on display a letter dated November 20, 1936, from J. Edgar Hoover, then head of the FBI, thanking him for his quarter-century of service as a special agent. Bone remained personal friends with Hoover over the ensuing years.

Early in World War II, Bone was called back for duty as a senior investigator for the Army Air Force.

From 1944, until he passed away at his Vista home in June 1962, at age 88, Judge Bone presided over the Vista branch of the Justice Court of California.

Evidence of his popularity was a report in *The Vista Press* on June 3, 1958, that he was re-elected to the Vista Judicial Court at age 84 with a vote of 2,326; his nearest competitor had 810 votes.

Judge Bone wrote poetry for more than 40 years. The original manuscript of his poetry book, *Day Dreams*, is on exhibit at the Vista Historical Society Museum at Rancho Minerva. It demonstrates the heart and philosophy of the "inner man" that complemented Leon Bone's legal talents.

Cathy assisted in the creation of the Wave Waterpark; the creation of the City's Out and About senior transportation program and overhauled the City's rental programs which facilitate the public's use of City buildings for public use. She has overseen the Moonlight Amphitheatre capital building improvements after the passing of Proposition L and the building of new ballparks and recreational areas. Cathy Brendel moved to Vista to work in 1978 right after she graduated from Pepperdine University with a degree in Recreation Administration. She began her work as a recreation supervisor assisting Jim Porter. In 1980 Cathy, Jim, Jean Cole and Kathy Brombacher stood on a simple cement stage in Brengle Terrace Park, imagining a musical theatre program which would serve the community. Then Cathy went to work with Jean Cole, setting up ticketing, fences,

VISTA HALL OF FAME

access and concessions to open Moonlight's first season in 1981. Over the years she has written grants and obtained work underwritten by the community for Moonlight's ADA parking lot, backstage deck, large new Ticket Booth, an enlarged patio and restrooms, ADA access areas and the stage house renovation funded by Proposition L and finished in 2009. Cathy never missed a production at Moonlight for all of its history. She has been saluted by the City Council as Management Employee of the Year, attributing her success to strength of character, tremendous dedication and vision. She is an administrator who always gave above and beyond; who was admired by staff and community. Part of Cathy's legacy is being a crucial part of all the dreams, fundraising, planning, and advocating for a new era of Moonlight Stage Productions in the City of Vista. She inspired the staff by being an administrator who challenged staff to have faith in their dreams; to change; to adapt and always reach for excellence. Staff and citizens committees agree that Cathy spent 30 years supporting dreams and building strong programs for Vista. VISTA HALL OF FAME

Kathy Brombacher Elected to Vista Hall of Fame Regular Division 2010

Kathy is the founder of Moonlight Stage Productions summer season at the Moonlight Amphitheatre and the winter season at the Avo Playhouse. Since founding the theatre in 1981, she has helmed its artistic vision; today it is recognized as one of San Diego County's major arts organizations.

The theatre's artistic successes have been recognized by such organizations as the San Diego Theatre Critics Circle, the Patté Awards for Theatrical Excellence, the Robby Awards, and the Billie Awards. Under Kathy's vision, the theatre has nurtured many theatrical artists and administrators who began their careers at the Moonlight and have gone on to work with other major arts organizations and entertainment companies throughout the United States. Having established an artistic base that serves all of San Diego County, Moonlight Stage Productions winter seasons have grown artistically each year with the support of the National Endowment for the Arts, which has provided grants in support of three productions, *Arms and the Man*, *The Most Happy Fella*, and recently the critically acclaimed *Ring Round the Moon*.

Kathy has produced and/or directed more than 150 shows at Moonlight Stage Productions in the last 30 years. She has seen major milestones during her tenure at Moonlight Stage Productions. In 2009, the completion of the new Moonlight Amphitheatre stage house, constructed in just nine months, was a 20-year dream realized by the City of Vista. The City's renovation of the Avo Playhouse, from a movie theater originally opened in 1948 to a venue hosting the Moonlight's winter seasons as well as numerous rental events, was another milestone in community support.

As a long-time employee of the City of Vista, Kathy has been recognized as Management Employee of the Year as well as receiving awards and recognition from the

California Women in Government for distinguished work; Soroptimists International of Oceanside for work which enhances the community; was named one of the "50 People to Watch" by *North County Magazine*; received the Craig Noel Award for Theatrical Trailblazer by the San Diego Theatre Critics Circle; and the Shiley Lifetime Achievement Award from the Patté Awards for Theatrical Excellence in 2006.

Linden R. Burzell 1924-2008 Elected to Vista Hall of Fame Regular Division 2008

Linden R. Burzell began his career in the water industry as a young Navy Ensign in 1945 when he was assigned to assist the resident officer in charge of administering construction work on the first San Diego Aqueduct.

He joined Vista Irrigation District as its District Engineer in 1946. By 1951, he was general manager and chief engineer. Among the many projects that Burzell brought to completion while at VID was the covering of the original 12 miles of open flume that brought water from Lake Henshaw via Lake Wohlford to Vista. He expanded and improved the infrastructure serving the communities within VID's boundaries, which were moving from an agricultural base to residential and commercial uses.

In 1964, he left to assume his new position as general manager and chief engineer of the San Diego

VISTA HALL OF FAME

County Water Authority.

Burzell returned to the VID in 1992 as a member of the Board of Directors. He worked at the policy level to maintain VID's high standards. He served as the Board's president in 1996, 2001 and 2006.

**Paul Luis Vincent Campo
1922-2007**

**Dorothy Maxine Campo
1920-2008**

**Elected to the Vista Hall of Fame
Regular Division 2016**

Paul and Dorothy Campo moved to Vista in 1954 and bought their home at 1210 Oak Drive where they would live until Paul died and Dorothy moved into assisted living. Paul had been hired to work at Camp Pendleton, where his engineering and geology degrees and experience in water management and hydrology helped him to rise to become its Director of Natural Resources before retiring in 1988. For a number of years, he worked alongside another well-known Vistan, William "Bill" Taylor.

Paul served as a trustee of the Vista Unified School District ("VUSD") for many years. While on the board, he championed the construction of the "new" Vista High School on Bobier Drive and led the effort to develop several more elementary schools to meet the VUSD's growing student population.

Paul always loved to talk about water. He would quote Mark Twain: "Whiskey is for drinking; water is for fighting over." Paul served on the board of the San Diego County Water District for many years, representing the Marine Corps' water interests at Camp Pendleton. He was an early promoter of building more water storage facilities for this area. Among Paul's colleagues on this agency was his friend and another well-known Vistan, Hans Doe. They, and several other of the older water experts, were collectively known as the "water buffaloes", a term that always made him laugh.

One of Paul's happiest days occurred when he was appointed, and then elected, to the Board of Directors of the Vista Irrigation District, representing District 1. In addition to covering Northeast Vista and the surrounding county land, he was responsible for Lake Henshaw, the District's water reservoir. Because of his interest in water storage and conservation, he made sure that the District never tried to sell off this valuable water resource. This has proven to be a wise decision, given the current water shortage throughout California. He served on the board for many years; only his death caused him to vacate his position. It should come as no surprise that one of his fellow directors was his close friend, fellow water buffalo, and another well-known Vistan, Linden "Lyn" Burzell.

Paul was married for over 57 years to his wife and best friend, Dorothy. Both of them loved what used to be the pastures and grove of old Vista, but understood and accepted the many changes that have occurred over the years.

Dorothy was not a traditional "stay-at-home" wife and mother. She first had a taste of the working world during World War II, when she served as secretary to a defense plant manager. By the time she came to Vista, she possessed the skill and experience to be hired by the VUSD to become the first secretary for the newly-built Crestview Elementary School. She spent many happy years at Crestview. She later transferred to Olive Elementary School, from which she retired in 1987.

Dorothy was also active in the Vista community. In the early 1960s, many of the non-certificated staff at the VUSD asked her to help them form a bargaining unit to negotiate the terms of their employment contract. She then founded the Vista chapter of the California School Employees Association, and served as its first president. For many years, Dorothy acted as a firm negotiator with the VUSD's management. As a result of her efforts, many of her fellow Vistans received better wages and terms of employment.

During her years with the VUSD, many parents and teachers came to know and love her. Most important to Dorothy, however, were the children who attended "her" elementary schools. She always kept her own money in her desk to loan to students who had forgotten their lunch money. For many years prior to government subsidies, she gave away lunch money to students whose families couldn't afford to make or buy them lunch. Years later, when one of those students whom she had helped previously bought lunch for her, she cried.

VISTA HALL OF FAME

**Daniel Bennett Carr
1939-2010
Elected to the Vista Hall of Fame
Regular Division 2016**

Daniel Bennett Carr was born in 1939, in San Diego. His father worked in the Foreign Service so he was raised primarily in Latin America before moving to Chula Vista at the age of 16. At this young age, he worked at Bearing Engineering in San Diego in order to help provide financial support for his family.

Daniel married Sue Ann Crabbe on May 16, 1959 in Chula Vista.

He was a resident of Vista for forty years. He moved his family to Vista from Chula Vista in 1962 and resided in the community until 2002.

He was an honorable and successful business owner of Carr's City Auto Parts, established in 1962. He later purchased Vista Auto Parts and established North County Warehouse in the City of Vista.

Carr's City Auto Parts was one of the first parts stores to offer delivery service to auto repair shops, gasoline stations, and many other establishments such as Golden Arrow Dairy and Mc Mahan's Furniture Store, who both had their own small fleet of delivery trucks, as well as Prohoroff's Poultry Farm. He would often get up in the middle of the night to help a customer with a broken down vehicle so that they could continue on their deliveries and/or travels as needed.

Carr's City Auto Parts started at 341 N. Santa Fe Avenue. He then built a new and bigger store with a machine shop at 223 W. Vista Way. When the business outgrew that store he purchased the old Safeway Store/Drew's Appliance Center at 420 S. Santa Fe Avenue and moved it there where it continued to grow. It was here that he established North County Warehouse.

In the late 1960's or early 1970's, he also bought Vista Auto Parts. He built a new and larger building on East Vista Way with a machine shop for this business as well. He later sold Vista Auto Parts to Mr. Henry Boothman, a machinist who had worked for him for many years.

Daniel B. Carr, was an active member of Vista's Optimist Club serving as president from 1965 - 1966.

He was an effective and respected Planning Commissioner, serving the City of Vista in this role from 1970 - 1978.

In 1978, he was elected to Vista's City Council with the help and support of many other community members such as John M. Cosh, Terry Hensley, Frank Tiesen, Betty Minor, Orbee Mihalek, Ken Annin and Gil Duran, who were all members of his election committee.

During his term on the City Council from 1978-1982 he served as mayor of Vista from 1981-1982 and served his time in office with distinction.

He was one of the original founders of the Moonlight Amphitheatre in Brengle Terrace Park, successfully heading up the committee to get the original grading done by Mr. Carl Pinamonti.

He was an avid hunter and tennis player. He was a pilot and enjoyed flying his own airplane

He never aspired to be a politician. However, because he chose to raise his family and start his business career in the city of Vista, he believed that he had a duty to work for the betterment of the city that gave us so much. He knew he could do good work in the political arena of the city. He was extremely grateful for all the opportunities Vista had provided for us and was honored to serve his beloved "City of Vista" in anyway that he was able.

**Brooks Cavanaugh
Elected to Vista Hall of Fame
Regular Division 2018**

Brooks was born and raised in Upland, California. In 1955 his family moved to Costa Mesa where he graduated from Newport Harbor High. At Orange Coast College he studied engineering and architecture. In 1970 a City Planner job opportunity arose at the City of Vista. Brooks was hired when the population was just 17,000.

In 1975 the Thibodo family offered to annex

VISTA HALL OF FAME

approximately 900 acres to Vista, now known as Shadowridge. Brooks began processing the annexation but left the city in 1976 to work for CM Engineering, the lead engineering firm for the annexation.

In 1978, Brooks as a member of the Vista Chamber of Commerce Action Committee proposed annexation of an additional 1,200 acres south of Shadowridge. The city consented and 15 major property owners supported the annexation and rezone to a Research Light Industrial Park now known as the Vista Business Park.

In 1976 The County Land Use Council was formed with the purpose of protecting private property rights. Brooks became its first executive director.

In 1980 Brooks established Land Planning Consultants to assist property owners in development studies and governmental processing. This local Vista business has been in operation almost 40 years.

Brooks was instrumental in the formation of the South Vista Business Park improvement district in 1986. The district purpose was the building of necessary infrastructure including roads and utilities. Sycamore Road, Business Park Dr, and Poinsettia are just a few of those roads. The owners invested over 8 million dollars and was completed in 1988. For the next 20 years, Brooks consulted with over 30 owners providing development plans for use of their business park land.

Brooks and Attorney David Larkin along with the assistance of several other local Vistans formed The Vista Conservancy in early 2000. The Vista Conservancy mission is to preserve environmentally sensitive lands. Along with the City of Vista, today you can walk from the Rancho Vista Adobe to Brengle Terrace Park. Brooks was instrumental in its formation and is still actively involved.

Brooks also chaired the 1996 down town Vista citizen's planning committee which provided direction for the Vista Village Plan. In 2008 Brooks served on the city redevelopment planning and development committee helping to identify areas such as South Santa Fe needing economic stimulation for redevelopment. Since 2006 Brooks has consulted to the Vista Fire Protection District. He has assisted the district in creating 6 North Vista emergency evacuation roads.

Brooks and his first wife Joan raised 3 children in Vista, Christa, Jolean and Daniel. There are now 13 grandchildren and 2 great grandchildren. Today, Brooks and Stephanie continue to work and live in Vista and enjoy the grandchildren!

VISTA HALL OF FAME

**Neva Lillian Clement
1880-1979
Elected to Vista Hall of Fame
Early Residents Division 2024**

Neva Clement was the mother of Joseph V. Clement. She was born in Colorado Springs, Colorado in 1880, moving to Los Angeles with her parents in 1884. Her father bought the weekly publication "Southwest Builder & Contractor" in 1897. The printing establishment was next to that of the Los Angeles Times which was dynamited during labor strife in 1910, and "Southwest Builder & Contractor" was also extensively damaged.

After graduating from high school, Neva married Edward James Clement (born in 1873, died in 1935).

To quote Theodosia Clement, "In 1931 she purchased barren Vista property, planted avocados and built a home. Her love of plants and flowers led to her yard becoming one of the show places in Vista."

Through an abundant crop of passion fruit in 1934, a small business was started and was a family project for several years. The juice and jelly were featured items in Hamilton's of San Diego, the May Company, and many gourmet food sections in Beverly Hills and Hollywood; Neva's daughter-in-law, Theodosia Clement was the saleslady. In 1936 the Passion Fruit Booth at the Del Mar Fair was awarded first prize.

Neva was for years a member of the Vista Garden Club; and a Life Member of the Woman's Club of Vista. Though her home was in Vista she spent much time with her parents in Los Angeles and remained a member of the board of directors of "Southwest Builder & Contractor". She traveled extensively. One of the "fun" clubs to which she belonged was the "Nellies", composed of long-time Vista widows. They met weekly for dining and cards. These women, whose names should be recorded, were, in addition to Neva Clement, Moey Quigg, Mary Day, Mrs. Charles Kingsley, "Pink," Irma Young, Thelma Nietfeld, Theresa Smith, and Genevieve McLean.

Neva Lillian Clement died in 1979, mourned by her many friends

**Dr. J.E. Coit Ph.D.
Elected to Vista Hall of Fame
Early Residents Division 2024
1880-1976**

Dr. Coit was born March 9, 1880, in San Antonio, Texas. In later life he often mentioned the dusty streets and the flies around the Alamo where he spent many of his early days.

He was educated in North Carolina and New York State, receiving the degree of Bachelor of Agriculture at North Carolina State College at Raleigh, North Carolina and his Ph.D. degree at Cornell University in 1907.

His first position was Professor of Horticulture at the University of Arizona.

He later started the Experiment Station at Whittier, then moved to Riverside as Superintendent of the Citrus Experiment Station. In 1912 he was appointed Professor of Citriculture and Subtropic Pomology at the University of California at Berkeley. He left during World War 1 to organize the Farm Advisor's office at Los Angeles. He was the first Farm Advisor and during World War 1 he spent grueling hours lecturing, writing and guiding farmers in food production during the war. At war's end he returned to Berkeley for a short time, then left to organize his own agricultural consulting business in Southern California. Traveling in his Ford, he consulted with ranchers of all types from San Diego to Santa Barbara.

Some ranchers were wealthy and could pay for his services. If they were unable to pay he helped them free of charge. He authored the college textbook "Citrus Fruits"; organized the Avocado Society and was an enthusiastic pioneer in promoting the avocado. In Vista, at what is now Santa Clara and West Vista Way, he had the largest avocado nursery which he operated until the major Depression. His writings and university bulletins covered many fruits which he considered suitable for Southern California industry, dates, persimmons, passion fruit, loquats, etc. He was instrumental in organizing Calavo Growers, was editor

of its publication at one time, and a director for 20 years.

In his retirement years he enjoyed sending for carob budwood around the globe and budding his carob orchard to new varieties. He saw in the jojoba great possibility for oil, rubber, use in penicillin, cosmetics, etc. The developing interest in these two fruits vindicates his interest.

His great love for Vista started in 1907 when, just out of Cornell, he rode in a horse and buggy through this area. He decided then that he would live here someday. He eventually had two beautiful homes in Vista and lived here a total of about 30 years. He supervised the planting of a large grove of carob trees near Pechstein Reservoir and donated dozens of these trees which were planted on downtown Vista streets. Dr. Coit passed on in June of 1976 at 96 years of age.

**Dr. Dave Cowles
Elected to Vista Hall of Fame
Regular Division 2023**

Dave Cowles first came to Vista in 1962 when his mother, Mary Cowles, began teaching at Santa Fe Elementary School. At that time, he was in college in Seattle, but spent summers in and around Vista with his family. He grew to appreciate the climate, lifestyle and nearby attractions in Vista and always hoped to be able to live here one day. That opportunity came to him in 1998 when he was selected to be Superintendent of the Vista Unified School District. He arrived in his new position facing many challenges. Vista had undergone dramatic growth in the prior 10 years and the schools had become extremely overcrowded. Schools were on a complicated “year-round” schedule which was the only way to accommodate an influx of nearly 15,000 new students into existing schools designed to hold only 10,000 pupils. Dave wasted no time enlisting the help of parents, community, and business groups to ex-

plore ways to add new schools into the district. The only possible solution was to pass a local school bond and leverage those dollars to receive State matching funds for new school construction. In March 2002, Vista Unified School District voters overwhelmingly passed Proposition O in the amount of \$140 million dollars which, with matching State funds, provided nearly \$300 million to build 9 new schools and add modernization improvements to all existing schools.

As part of the school construction program, Rancho Minerva Middle School was built at the corner of Foothill Drive and San Clemente Avenue. In order to efficiently use the Huntalas’ property that had been acquired by the school district years earlier, the Huntalas’ home (Rancho Minerva) was deeded over to the City of Vista to house the Vista Historical Society. In addition to Rancho Minerva Middle School, other schools built with Proposition O funds included Temple Heights Elementary, Foothill Oak Elementary, Hannalei Elementary, Maryland Elementary, Mission Vista High and Major General Raymond Murray Continuation High. Much needed multi-Purpose buildings were added to Casita Elementary and Washington Middle School (now Vista Innovations and Design Academy VIDA). A new Football/Soccer stadium was built at Rancho Buena Vista High as well. These educational infrastructure improvements in the City of Vista sparked a new and revitalized energy to launch other City-wide improvements. Dave also served on the committee for the passage of the City of Vista’s Proposition L which provided vital resources to fund public safety, including new fire stations, as well as a new City Hall, a new sports park, and the rebuilding of the Moonlight Amphitheatre.

While superintendent, Dave worked with Mayor Morris Vance and community members to establish the Vista Education Foundation (VEF) which for the past seventeen years has provided educational support and scholarships to Vista students and schools.

After retiring from the School District in 2006, Dave has continued his community involvement by serving on the Board of Trustees for the Vista Community Clinic, the Board of Directors for

VISTA HALL OF FAME

the Moonlight Cultural Foundation, and the Board of Directors for Operation Hope. In 2010, Dave was elected to the Vista City Council where he served four years. During his time in office, several downtown improvements were initiated including the Paseo Santa Fe Redevelopment Project and the Downtown Improvement District.

Dave remains active in the Vista community along with his wife and their daughter's family who also lives in Vista. The three grandchildren living here attend Vista Schools. Their other three children and four grandchildren live in Granite Bay, CA, Lompoc, CA, and Sydney, Australia.

In 1894, Jules married Maria, also from Southern France, in Los Angeles. They arrived in Vista a few days later.

The Delpys had many "firsts" in Vista: the first car, the first phonograph and one of the earliest schools. Travelers often stayed at the Delpy home since no hotels existed in Vista at the time. **Paul Dorey
1948-2022**

Elected to Vista Hall of Fame Regular Division 2024

Paul E. Dorey lived in Vista from 1971 until his passing in 2022. He and his wife, Nancy, raised their two daughters, Cyndy and Renee in the Vista Unified School District. As a young man, Paul served in the United States Marine Corps (Marine Corps) and received a Purple Heart for his service in Vietnam. He believed wholeheartedly in the adage, “Once a Marine, always a Marine”, and as a Marine Corps veteran, Paul strived to advance the Nation’s ideals his entire life.

Paul went to work for Vista Irrigation District (VID) in 1971 and after a long and industrious career he retired in 2004. He climbed the ladder to be a leader in the organization, advancing from digging trenches and laying pipe to overseeing the Water Resources Division as its Director. Wanting to continue his work with the VID, Paul was elected to its Board of Directors in 2006, proudly serving three terms until his passing in April 2022. During his 16 years on the VID Board, he led the Board as its President for three terms. Paul’s passion for water and his dedication to the District and its customers was apparent, working for the District and then serving as a member of its governing body for a combined 49 years, nearly half of the District’s 100-year existence!

For the benefit of the VID customers and in the interest of keeping the cost of water down and service reliability up, Paul dedicated his time and effort to ensure that VID maintained the most comprehensive, affordable liability insurance possible through the Association of California Water Agencies (ACWA) Joint Powers Insurance Authority (JPIA). He served on the ACWA JPIA Board of Directors for 15 of his 16 years on the VID Board.

Paul had a steadfast interest in protecting the State and local groundwater resources, as VID had a groundwater source on the Warner Ranch that supplemented surface water runoff into Lake Henshaw during

dry years. He was a founding member and long-time Board member of the Groundwater Resources Association of California, an organization dedicated to resource management, protecting and improving the groundwater supply and quality through education and technical leadership. Paul also served on the ACWA Groundwater Committee for 15 years, and the San Luis Rey Watershed Council and the Southern California Water Coalition (SCWC) and the SCWC Colorado River Advisory Task Force.

Paul was active in the Vista community. For over 20 years, he was an active member of the Vista Kiwanis Club participating in fundraising efforts, such as selling peanuts at the stoplights throughout Vista, and community events including clothing drives to help children in need; he also served as the Club’s President and wrote the newsletter. Paul also coached Vista Girls Softball and continued to support the softball league after he finished coaching, serving as its scorekeeper. Additionally, he volunteered his time on the Vista Hall of Fame Nominating Committee for 13 years.

After Paul’s time in Vietnam in communication, he acquired a love for ham radios and Morse Code. On weekends, you could always find him in his “Ham Shack” making connections around the world with other fellow “Hams”. Paul’s passion for radio communication came in handy a few times during emergency fires across the county when telephone lines were down; he was known to step in and assist with communications, using the radio skills he learned as a Marine and continued as a hobby.

Paul’s public-spirited efforts will be remembered and appreciated far into the future and serve as an example of an unwavering commitment to the community in which he lived, worked and played. He was active in the Vista community through civic organizations, but for decades, he played a vital role in bringing a reliable, safe water supply to the Vista community.

Paul and Diane Eckert
Paul 1934-2022
Diane 1933-2018
Elected to Vista Hall of Fame
Regular Division 2014

VISTA HALL OF FAME

Very few people can say they know Vista as well as Diane and Paul Eckert know Vista.

Diane's parents, Robert and Myrna Elsinger, had been residents of Vista since before she was born, and in 1950, Paul's parents settled here while Paul stayed with an uncle in Lawndale, CA, to finish high school. After Paul graduated high school he relocated to join his parents. Together they started Eckert & Son's Moving & Storage located at 621 S Santa Fe Ave, Vista, CA, in May of 1953.

Diane, maiden name Elsinger, finished high school in Vista and went off to Stephens College in Missouri. Upon her return after graduation in June of 1954, she attended the Vistacado Fair where she and Paul met for the first time.

Vista was a small, yet close knit community with about 8,500 people. Now, decades later, the population in this town has grown to over 120,000!

"I loved it so much when Vista was a little town, you knew everyone," Diane recalls. Paul says, "We used to do all kinds of things, including the last Vistacado Fair." He also remembers putting up all of the Christmas decorations in downtown Vista, sponsoring a book drive for the branch library, and coloring 1500 eggs for the egg hunt.

Paul and Diane went on to have 2 children, Robert and Paula, who grew up to have professions and families of their own, including 6 wonderful grandchildren and now 5 great-grandchildren for Paul and Diane. Robert and Paula eventually decided to join Paul in running the moving business and continue to work in the office keeping it a family run operation.

Paul's public service career began with the Vista Junior Chamber of Commerce, and Diane joined the Jaycees' wives' group. They both became actively involved with the local Elks Club and with the Boys & Girls Club, formerly known as the Boys Club. Paul was involved in the San Marcos Rotary Club as well.

Together over the course of 6 months, Paul & Diane campaigned for Paul's election to the County Board of Supervisors in 1978, where he went on to serve 8 years.

Paul remembers one of the highlights of that time "Diane and I were invited to have cocktails with Queen Elizabeth and Prince Phillip on their yacht in the San Diego Harbor!"

He also recalls a personal invitation, along with 200 others, including then San Diego Mayor Bill Cleator, to the White House during the Ronald Reagan administration and having coffee and rolls in the East Room. "You've gotta be impressed," he exclaimed.

Looking back, Paul is proud to say he was involved with the county's "Workfare", a work-for-welfare program instituted in San Diego at the time, but is still

being utilized in some areas today.

After serving on the County Board of Supervisors, he returned to be involved in the Vista community. Diane was president of the Vista Historical Society from 2003 to 2009 and quickly put Paul to work.

Paul negotiated with the City of Vista to get the Rancho Minerva house for the Historical Society and went to work refurbishing it. The previous owners, the Huntalas's, have since formally made Paul an honorary member of the Huntalas family.

Paul was president of the Vista Historical Society when they opened the museum in Rancho Minerva in 2009.

More recently, Paul has been involved with a Christian healing center at Branches of the Cross Anglican Church in Vista, saying, "It will be a tremendous asset to the community." He has also continued to help the Boys & Girls Club, being responsible for building its new kitchen, dining room, teen room, and several offices. He hopes that by July he will have an elevator installed to serve the second floor of the building that houses this beneficial youth program.

Paul and Diane Eckert would like to extend their sincerest gratitude to the society and those involved for selecting them to receive this honor.

He applied for a post office in September 1882. At that time, the closest post offices were in Encinitas or by San Luis Rey Mission in a town named San Luis Rey. Creation of a post office at that time named the area, so he applied for Frazier's Crossing as the name for the community.

That name was rejected as there already was a Frazier in California. The name Buena Vista was also rejected. Vista was the name finally permitted and Mr. Frazier became the first postmaster in October 1882. He held the post until November 1886

Under the leadership of Kathy Brombacher and Steven Glaudini, Ken Gammie has played an important role in helping to grow this once small community theatre to its current glory as one of San Diego County's major Arts organizations. Ken Gammie has conducted over 65 productions at the Moonlight, and was nominated for a San Diego Robby Award for Best Musical Direction in the Moonlight production of Big River in 2005. In 2013, Ken Gammie was inducted into the "Heroes of Vista" Hall of Fame.

For 37 years, Ken Gammie has been a highly respected and beloved music educator for the Vista Unified School District. In 2013, the United States Congress as well as the California Senate named Ken Gammie Educator of the Year for the Arts. A Golden Apple Award recipient (1989), Ken Gammie has continued to receive honors and awards too numerous to mention for his selfless dedication to his students. For 27 consecutive years, Ken Gammie's middle school orchestras have earned the highest possible,

"Unanimous Superior" ratings at the Annual Southern California Band and Orchestra Association Festival competition, which is an extraordinarily rare and amazing accomplishment. Ken Gammie is well known for "going above and beyond the call of duty", giving countless hours of his own time towards the artistic enrichment of the students he teaches and inspires. Through his dedicated work as one of Vista Unified School District's top educators, and as a Moonlight Founding Member and gifted conductor, Ken Gammie's contributions to the Arts in the City of Vista have been immeasurable.

Rita Geldert Elected to Vista Hall of Fame Regular Division 2024

Rita Geldert retired after 35 years in public service, with 17 years in the City of Vista. She was hired as Vista's Assistant City Manager on January 23, 1995. She was appointed Interim City Manager in July 1997, and appointed City Manager in December 1997.

Prior to coming to Vista, Rita served as the Director of Finance and Administration for the City of Dana Point, Management Services Officer for the City of Merced, Personnel Officer for the City of Vacaville and, while living on the East Coast, also worked for Xerox.

As City Manager, Rita was responsible for implementing & creating a vibrant downtown. In 2003, the opening of the Vista Village project marked a key milestone in improving the downtown with shopping, dining and entertainment opportunities in Vista Village that have created a destination for local families and created hundreds of jobs for residents.

She fostered the City's economic development program, which served to recruit new businesses and retain existing ones in the city. Implementation of programs like the Vista CARES business retention program demonstrated her commitment to a strong and vibrant business community.

Working to increase outreach and communication efforts to Vista residents with the creation of the Vista Citizens Academy, a 7-week program that provides residents with an in-depth understanding of City functions. The pro-

gram has become a valuable tool for sharing with Vista residents how the City operates, opening additional lines of communication between City Hall and those who live in the community.

If she is asked what community project she is most proud, Rita would say that her proudest accomplishment as Vista's City Manager is the implementation of the Vistans ROC neighborhood revitalization program, which in 11 years, has used more than 7,500 volunteers to beautify nearly 250 properties and helped to instill a sense of pride among all Vistans.

Her family is the most important thing in Rita's life - a trait she used to create a family environment among staff. Many former employees remark on how the warm and family-like atmosphere is what they missed most after her leaving the City. Rita is a kind, generous and caring person, and has a special way of making everyone feel comfortable and valued.

With the unanimous support of the Mayor and City Council, Rita led successful campaigns for Proposition L in 2006, which laid the groundwork for the Community Projects, and Proposition C in 2006, which brought Charter City status, and greater control over how the City of Vista did business.

Following the successful passage of Proposition L, she again showed her faith in her staff by creating a team of employees to manage the design and construction of the Community Projects, all of which were completed on time and under budget, and have served the community well and into the future. With an eye to the future, Rita established succession planning within the organization, which resulted in numerous internal promotions over the years. One was the appointment of the incoming City Manager. Preparing employees to take on new roles that saved the City time and money when vacancies occurred, and allowed for smooth transitions.

The City of Vista thanked Rita Geldert for her dedicated services to the City. She will be greatly missed by all who have had the good fortune to work with her. The Vista City Council proclaimed Saturday, December 31, 2011 as "RITA L. GELDERT DAY IN THE CITY OF VISTA"

SANDI GRAHAM Elected to Vista Hall of Fame Regular Division 2022

I was born in Oceanside at a hospital located on a hillside many years before Tri-City Hospital was even thought of and there was a 2 lane road between Vista and Oceanside

My mother graduated from Oceanside High School, was Miss Vista in 1929 and married my dad in 1933. I was their first child coming along in 1938 and my brother 3 years later Working in the family's drugstore (McDougall's Pharmacy) during my high school years was one of my fondest memories.

I graduated from Vista High School in 1956, and attended Palomar College for 2 years I met my future husband at a wedding where he was the groom's best friend. He taught school at Lincoln Middle School. We got married in 1964, and had our only child, a daughter, in 1972. Unfortunately the marriage ended in 1985.

After various jobs in local Dentist/Doctor's offices as a Secretary I was lucky enough to find a job with Vista Unified School District as a secretary and eventually became an Administrative Assistant at California Avenue School which is a school for the handicapped children. I retired in 2002.

After retirement I became restless and needed something to do so I started volunteering for various organizations starting with the Social Committee at Vista Del Mar where I live, which is a retirement complex on Breeze Hill off of Pomelo.

I am a member of the PEO Chapter in Vista, taking after my mother and grandmother.

I continue to be a member for many years of the Triple M Club (which my mother and other ladies started back in the 1920s}. Our goal is to raise funds for scholarships for high school students. I became a Moonlight Angel for the Moonlight Amphitheatre volunteering during the shows as an usher and "ticket writer" which I am still doing. I was just awarded the "Star of the Year" last year for my 20 years as a volunteer. This turned out to be my absolute favorite thing to do!!!! How could you NOT love the Moonlight?

VISTA HALL OF FAME

I also have been a member of the Vista Historical Society for at least 28 years which includes 18 years as the Membership Chairman.

One of my favorite things to do is enjoying looking at pictures of "Old" Vista and reminiscing about life here in Vista. One of the other "fun" things I did as a volunteer was driving a golf cart that was used to pick up seniors at their cars at the Senior Center when they came in for lunch then taking them back to their cars. What made this especially fun was "working" with my good friend Norm Halus. Wonderful memories.

As you can see volunteering has been a big part of my life. I guess you can say mom and dad had taught me that it was one of the most gratifying things you could do.

Norm Halus Elected to Vista Hall of Fame Regular Division 2022

I am proud to nominate Norm Halus for the 2022 Hall of Fame. A long-time Vista resident, Norm has made a significant impact on the quality of life in Vista's neighborhoods and parks, and on seniors and community groups. Norm married his high school sweetheart, Martha in 1952 and pursued his engineering degree at Purdue University. They raised their family and then retired to Vista in 1989, becoming active volunteers in the community.

VISTA HALL OF FAME

Since 1992, Norm has served on a City of Vista Commission. Following his wife's death in 2008, Norm continued adding to his daily volunteer activities with the city, his homeowner's association, and on the Scripps Community Advisory Board. Sales Tax Oversight Committee 7/1/2012 - current (Vice Chair 2013-current)

Norm continues to make a positive impact on Vista and what sets him apart, is his love for the city, knowledge of its history, engagement with it's present, and his shared vision for its future. Visitors meeting Norm always walk away knowing more about the city's many amenities and activities. Passionate about improving the quality of life for residents, he has touched numerous facets of City Hall's policies and decisions on traffic, planning, current and new parks, and recreational opportunities. Norm recently served on the McClellan Senior Center's Nutrition Committee and has volunteered at the Center for many years, shuttling seniors back and forth from the parking lot to the Center's front doors.

Norm's passion for volunteering, involvement in the community, and ability to give back are only second to his love for his family. He is truly an asset to our community, and I am honored to nominate him for this significant recognition.

VISTA HALL OF FAME

Barbara Mannino Harris
1950-2023
Elected to Vista Hall of Fame
Regular Division 2024

In January 1983, Barbara Mannino climbed the rickety stairs to the second floor of a church and opened the torn and ragged screen door leading to her new office. She had just been hired as the CEO of Vista Community Clinic, and 30 employees were waiting to see what plans she had for them and the patients they had served for eleven years.

They were in for the ride of a lifetime, for this young woman - barely into her 30s - was determined to do whatever was needed to ensure the good health of ALL North County residents, not just those who had medical insurance or who could pay out-of-pocket.

One look at Barbara - always impeccably dressed, never a hair out of place - and it was obvious that "rickety" and "ragged" would never again be used to describe Vista Community Clinic. In 1986, a mere three years later, the clinic moved into a beautiful new facility on Vale Terrace Drive, built from the ground up with a federal Community Development Block Grant. It was one of the first community clinics in San Diego County - known at the time as "the designer clinic" - to have a facility specifically built for healthcare. Most community clinics of the time operated out of houses, churches or other buildings originally constructed for other uses.

"Better working conditions were what our doctors and nurses deserved, but more importantly, it was something our patients deserved," she said of her dogged determination to get the Vale Terrace Branch built so quickly. "Just because you are poor doesn't mean you should not be treated with dignity."

VCC's mission is simply stated: To provide quality healthcare and health education to the community, focusing on those facing economic, social or cultural barriers. But from the start, Barbara had a deeper understand-

ing that a lot of people miss - it's vital to the entire community that everyone be as healthy as possible. When the guy who makes the burgers at the local fast-food restaurant starts coughing, it doesn't take long at all for whatever is ailing him to spread. He'll be more likely to get the care that will keep his disease from becoming an epidemic if he is at ease in the medical environment. Barbara understood the whole picture, rolled up her sleeves and got to work.

And the whole picture meant ensuring that people within our community embraced health in the full sense of the word. That led to the establishment of the Health Promotion Center, a department of Vista Community Clinic dedicated to promoting healthy lifestyles to reduce the incidence of chronic diseases. Under Barbara's leadership, talented staff developed and expanded innovative health promotion and health education models which have been replicated nationally. Understanding that one cannot attain and maintain optimum health if one lives in substandard conditions, Barbara and her staff embraced a holistic approach to health, ensuring patients and clients had access to transportation, shelter, and career development opportunities through the initiation of many social service programs.

During the next 30 years, Barbara Mannino Harris made sure that North County's growing population also had growing clinical services. In 1988, VCC added a second location on Thunder Road near Tri-City Medical Center and began providing medical care to San Diego County's indigent patients with life-threatening and debilitating illnesses. In the 1990s, the clinic established the Tri-City Maternal Care Program and opened a Women's Center, which has provided prenatal care and obstetrical delivery to thousands of women over the last 30 years. As one of the largest teen-serving organizations in San Diego County, Barbara and her staff established Choices, the Teen Clinic for teens run by teens. In 1995, with prompting from community leaders, Barbara established the Vista Community Clinic- Horne Street facility in Oceanside. By 2000, the Pier View Way facility was added to meet the increasing demand for quality, affordable health care in Oceanside. Oceanside's North River Road facility opened shortly thereafter. Expansion in Vista continued with the construction of a 30,000-square-foot state-of-the-art Vale Terrace clinic. Innovative health programs continued to develop. VCC partnered with Tri-City Medical Center in the Emergency Department Care Continuum project, which referred uninsured emergency room patients to VCC for their follow-up care and a con-

tinuing primary-care home. VCC receives over 1,000 referrals monthly from TCMC's emergency department.

By the turn of the century, Barbara's "baby" was no longer tiny. The little church location was now replaced with five medical facilities. In 2002, VCC was one of the first clinics in the nation funded under President George Bush's Community Health Center Act of 2000, and Barbara established VCC's first dental clinic, which has since quadrupled in size. And, through a successful capital campaign, Barbara replaced the leased Thunder Road branch with the custom-built Grapevine site in 2009, doubling the size and the medical services.

In 2010, VCC was one of the first community health centers in the nation to fully implement electronic medical records and electronic dental records. And to start her final years as CEO, Barbara obtained a \$11.4 million federal stimulus grant, one of only 79 granted in the nation, which culminated in the opening of the 31,000-square-foot Joan and Ron Moss Women's Center, a serene and stylish place where women can feel comfortable receiving prenatal care and cancer screening exams. Within five years, under Barbara's leadership, Vista Community Clinic doubled its square footage and its services to the community.

As the clinic grew, so did the accolades. Barbara was honored with the Woman of Distinction Award from Soroptimist International of Oceanside-Carlsbad, the Kaiser Permanente K-Star Award, the North County Times Woman of Merit award, and the Most Admired CEO and Women Who Mean Business recognition from the San Diego Business Journal. VCC received a multitude of awards, among which was being recognized nationally as A Model that Works by the Bureau of Primary Health Care for its Fund for Moms; receiving a Rising Star by The Alliance Healthcare Foundation; receiving the first Award for Organizational Excellence by the Callaway Golf Company Foundation; and was made CEO Emeritus of VCC when she retired.

Some of Barbara's other activities included coaching leaders for other non-profit organizations for 20 years through the Fieldstone Foundation. She made sure she continued to give back to the region she loved by serving on the California State University San Marcos President's Council for eleven years and was the inaugural recipient of the CSUSM Presidential Medal of Honor. Last, but certainly not least, she volunteered for over twelve years for the San Diego Humane Society caring for and placing hundreds of homeless dogs, loving every one of them.

In the Fall of 2023, the Vista Community Clinic's main facility on Vale Terrace Drive in Vista, was renamed the, **Vista Community Clinic Barbara Mannino Harris Primary Care Center**. This was done to recognize and honor all that Barbara has done to provide outstanding service for all of those who deserve nothing but the best in health care.

Barbara Mannino Harris was a force to be reckoned with when she was championing rights for others. She left a legacy of diligence, dedication, devotion and love to those in need as well as all her family and friends.

Edwin G. Hart

Edwin Giles Hart
1874-1939
Elected to the Vista Hall of Fame
Early Residents Division 2017

VISTA HALL OF FAME

From his arrival in Vista in 1925 until his death in December of 1939, Edwin G. Hart was closely identified with the development of the Vista Irrigation District and one of the principal developers of agriculture in the district. He was the head of the Vista Development Association, subdivider of about 2200 acres of land in Vista, president of the Edwin G. Hart Co. and was the principal organizer of the First National Bank of Vista of which he had been a stockholder and officer since it began business in 1928. Dale E. Wood and Harry Reynolds were Vista agents for disposal of the properties. Later, both were real estate brokers in Vista. He was also president of the San Luis Rey Development Association where his organization owned some 1800 acres.

E. G. Hart was born in Cleveland, Ohio in 1874, to John, a Civil War veteran, and Emma Hart. The family moved to California in 1884, where John Hart grew grapes on 40 acres in the Sierra Madre and was prominent in professional music circles. Edwin had two brothers, John, an attorney who served as Acting District Attorney of Los Angeles, and Frank, an accomplished pianist and manager of the Southern California Music Company.

After being in the mining business in Mexico, E.G. Hart went into land development in Southern California.

Mr. Hart was the leading developer of California's expansive avocado industry. His avocado and citrus fruit developments had a large part in creating La Habra Heights, Vista, and North Whittier Heights. The city of San Marino, near Pasadena, and its school system were organized many years ago, largely due to Mr. Hart's vision and perseverance.

His first avocado growing experiments were carried on at San Marino after which he developed 1700 acres and the first hillside terraced orchards at North Whittier Heights. Then 3600 acres were developed at La Habra Heights and some 2200 at Vista.

Water and road system developments were followed by plantings. Mr. Hart had also developed probably the largest collection of hibiscus in the State. He was a past president of the Los Angeles Realty Board, first president of the California Avocado Association and an organizer of the Calavo Growers of California. He was also a Los Angeles Chamber of Commerce leader and interested in the welfare of many agricultural industries.

He was killed when he was struck down by an automobile on East Olympic Boulevard in Los Angeles, on Dec. 6, 1939. At the inquest, the fatal car's driver was exonerated after the widow had asked that he be absolved

of blame due to the glaring lights of many cars and to the fact that the new boulevard had not been lined off as yet.

**Doug Davis and Randall Hickman
Elected to Vista Hall of Fame
Regular Division 2023**

On a Spring day in 1989 there was a great deal of excitement at the Senior Center. Auditions were underway for the Summer Season of the Moonlight and there were many hopeful actors of all ages waiting for their turn to be seen by the directors and choreographers. Many of the actors were familiar faces and had been on the Moonlight stage in past years. Into the crowded entry area there came two new, very handsome, faces. Enter Randall Hickman and Doug Davis. They just arrived in the area from Southern Utah. They had recently graduated from Southern Utah College and were intending to enroll in the Masters Program at San Diego State. They had seen a notice in the paper and they walked into the middle of the open auditions. The teenage girls were immediately a twitter and when they showed everyone there the level of their talent the entire building, inside and out, was a buzz. That summer Randy had the roles of Rudolph in Hello Dolly, Joe Hardy in Damn Yankees and who could forget his arrival on a black stallion as Lancelot in Camelot. Doug had the roles of Cornelius Hackle in Hello Dolly, a ballplayer in Damn Yankees and a Knight of the Round Table in Camelot. The following summer saw Randy as Frank Butler in Annie Get Your Gun. The more the boys were in Vista the more they fell in love with the area. About this time the Vista schools went to a Year Round schedule. Randy and Doug started the Arts Between the Tracks program. As the years rolled around the youth program they had run for the Vista Recreation Program became the Premi-

ere for Kids youth arts program which provided arts training for local students through summer and after school. This program eventually added the Premiere Productions program for adults also. Eventually in 2004 the pair opened the Broadway Theatre in downtown Vista. They also have a youth company in San Marcos, Broadway Theatre West. Recently they have added dinner theatre at the Wildwood Restaurant in town.

Hundreds of youth and adults have become a part of the gift given this community by the two boys from Utah. Randy has appeared in over 40 Moonlight productions in such iconic roles as The Pirate King in Pirates of Penzance, Captain Hook in Peter Pan, Edna Tumblood in Hairspray, Ursula the Sea Witch in The Little Mermaid, Uncle Festus in Addams Family, Miss Trunchbull in Matilda and most recently as Nostradamus in Something Rotten. Doug has as appeared in many Moonlight shows, also, but is known primarily for his beautiful sets and drops painted for the many productions at the Avo and at the Broadway. He is responsible for the painting of the early firemen on the side of the Curbside building and the newest painting outside the Broadway Theatre. Doug is also very well known for his outrageous raffle prizes during the shows at the Broadway.

The joy and beauty these two men have brought to the City of Vista and the lives they have enriched with their creativity and love for the community has been a gift that will continue for many years to come.

**Pat and Connie Hubbard
Elected to Vista Hall of Fame
Regular Division 2023**

Pat and Connie Hubbard have been an integral part of Vista's social fabric and business community for more than 60 years. and they have a deep love for this wonderful town, its people, and its history. They first met in 1957. at a dance held at the National Guard Armory in what is now the riverwalk area of Vista Village. Pat was working at the Quality Market on Indiana Ave, getting ready for the big move to Shop Smart. which was to be the first supermarket in north San Diego County. Connie was a high school bobby-soxer from Oceanside. When they got married two years later. they elected to stay in Vista and start their family here. And here they remained.

From the beginning, they wanted to involve themselves in what was then a small town of less than 10,000 people. They joined the Lions Club of Vista in 1959 and became two of the youngest members in the entire country; they helped start the Vista Boys & Girls Club; and they built a business - Hubbard's Meats - that was known as much for its great customer services as for its excellent porterhouse steaks. In those early days, they shared the commercial landscape with other family-run businesses, such as Dura Paint (Olinger), Peppertree Frosty (Villasenor), Paul's Sporting Goods (Eskanazy), Shclhoup's Department Store, McDougal's Drug Store, and Austin's Jewelers. It was hard to get lost in Vista back then, since the only two streets that mattered were Santa Fe Avenue and Vista Way.

They owned the butcher shop for the better part of 40 years, and because it was a full-service market, it gave them a chance to socialize. The people who came into the meat store were friends first, customers second.

When they weren't working, they traveled extensively. They were always happiest, however, during that last leg of the trip when they were headed back to

Vista. It was and remains a hometown that follows you everywhere you go. They loved the climate here, the small-town feel, the Jacaranda trees and the tomato farms. But most of all. they loved the people. They still do.

When they sold the butcher shop in the 1990s, they weren't ready to retire; so they became realtors, taking special joy in finding young couples their first house. They also increased their community involvement. Connie, for example, joined the Children's Home Society. She also became a docent at Rancho Buena Vista Adobe, giving tours at what maybe the most interesting house in all of North County.

Perhaps most important, they raised a family of four boys who share their affection for this beautiful town - this city of strawberries and sunshine.

We are all older now. And as the years go by Connie and Pat seem more ingrained than ever in the history of Vista. When I walk behind the Vista Village Pub, I see the city mural painted there, and what of the scenes shows my dad and Grandpa driving an old style meat wagon it makes me so proud not just of them, but of this town. It is nice to live in a place that remembers the people who built it, brought it out of God's rich earth and made it a postcard for everything right and hopeful about Southern California. I had occasion recently to look at the current list of Vistans in the Hall of Fame and I was struck by how many of the names were familiar to me names like Amend, Brombacher, Delpy, Fields, Huntalas, McClelland, Mottino, Pinamonti, Rappaport, Shada, and Shadle. These are the people my parents grew up with in some cases learned from. These are the people who, along with my mom and dad, always said "yes". They said yes to PTA meetings; yes to coaching basketball and baseball teams; yes the sponsoring food drives to Tijuana; yes to building parks and organizing parades. They would readily put aside their personal interests and do the work necessary to make Vista a great place to live and raise a family.

Early Residents Division 2019**

**Nicholas "Nick" Huntalas
1884-1980**

**Bessie Huntalas
1896-1992**

**Elected to Vista Hall of Fame
Early Residents Division 2011**

Bill Huntalas was born in 1917 in Tehachapi, CA to Nick and Bessie Huntalas. Nick Huntalas had purchased the land around the current Rancho Minerva ranch in Vista, CA, in 1911 but at the time of Bill's birth he was still working as a railroad laborer in the Tehachapi area. Later in 1917 Nick, Bessie and their young son, Bill, moved to Vista to begin their life on Rancho Minerva.

Bill grew up in the family's original farmhouse alongside Foothill Drive in Vista and attended the first schools established in the Oceanside area. As a teenager, Bill helped his father make the adobe bricks that were used to construct the current Rancho Minerva Adobe residence. He also designed and built the large water fountain structure behind the adobe.

As a high school student, Bill excelled in track and field events winning the Southern California CIF high school 100 yard dash championship with a then record time of 9.8 seconds. This record set in 1937 stood for over ten years.

Bill then attended the University of California at Berkeley graduating with a B.S. degree in engineering, specializing in metallurgy. He was hired directly out of college in 1942 along with most of his graduating engineering class by the Alcoa Aluminum Company to support the war effort.

After five years at Alcoa Bill founded his own company, Felton Aluminum Company based in Felton, California. He later moved his company to Santa Clara, CA where he built a large aluminum foundry specializing in sand cast aluminum products for irrigation systems, defense products and other consumer goods. Felton Aluminum became known as a world leader in specialty aluminum products with customers spanning across the globe. Bill was recognized throughout the industry as a specialist in the design and manufacturing of aluminum cast products. He served as President of Felton Aluminum for more than forty five years. Bill died on March 29, 1998 at the age of 80.

Nick Huntalas emigrated from the village of Kardia, Greece, to the United States in 1902.

He traveled as far west as he could and ended up in Chico, a little village north of San Francisco. He remembered arriving very hungry and walking up to an orange packing house. He asked the workers for some oranges to eat, but they turned him away. Behind the building he found a pile of discarded fruit and gorged himself. He survived on oranges for a week. At this point, he was very grateful for his luck and mused that someday he would grow lots of oranges.

His first job was as a laborer for the Southern Pacific Railroad in Bakersfield. With the help of a friend named Frank Barkholder, Nick learned English and advanced at his job.

In 1911, a group of Nicholas's friends got together to form the Greek American Land Company. Huntalas became the vice president. They pooled what little money they had saved to invest in land. With this money, they went to a real estate broker from Los Angeles who drove them down to Vista, where they bought 420 acres of land. They leased the land to local ranchers, who used it to graze their cattle. Nick believed that Vista was the best place in California. So when one by one the other investors sold their portion of the acreage, he bought most of it.

VISTA HALL OF FAME

In 1916, Huntalas decided to get married. As was common for Greeks, he made plans to go back to Greece to find a bride. He had been writing to a cousin he had never met in Patterson, New Jersey. She asked him, on his way to Greece, to stop by and visit her as well as meet a friend. When Nick met the friend, whose name was Bessie, they fell in love. In three days they were married and heading back to California.

Nicholas still worked for the railroad in Bakersfield, but after a year decided to quit and farm his land in Vista.

Living in Vista in 1917 meant a life of isolation and little if any modern comforts. Nicholas built a four-room house, which didn't include the luxury of electricity, plumbing or running water.

At the time, Nicholas was limited to dry-farming. He grew barley and oats when the weather was wet enough. But this crop was not very profitable. Back then, the weather was very dry. Dry-farming was the principal business, as the area's severe water shortage prohibited any extensive irrigation. By 1923, the water problem was acute.

Huntalas's water came from a deep well on his property, but he still needed additional water in order to be able to grow more profitable crops.

In 1923, Nicholas Huntalas was among the first signers of the Vista Irrigation District Water Plan for Vista. The water would come from the recently completed reservoir at Lake Henshaw about 40 miles away, owned by the San Diego Water Company.

The Vista Irrigation District was formed, and irrigation water became available in 1926.

For the Huntalas family, which now consisted of three children as well as Nick and Bessie, the availability of water made a great change in their livelihood.

With the increased supply of water, Nicholas Huntalas began to grow vegetables and plant trees. In about 1928, a new product came alive: the avocado.

Receptive to new ideas and challenges, he started his own nursery from seedlings. In 1933, Nicholas Huntalas had over 5,000 trees, including avocados, oranges, lemons and grapefruit. Nick assisted universities with the development of the tangelo and an avocado strain resistant to root rot.

While the country was in the Great Depression, the Huntalas' continued to thrive. They had a new home, Rancho Minerva, which was built in 1933. The adobe house, complete with full basement, was ready to move into in May, 1934. For the first time, the family enjoyed indoor plumbing, with hot and cold running water, an electric stove and refrigerator and even a chandelier in the living room.

Nick Huntalas and his wife, Bessie, remained at the ranch until their deaths.

Later, the remaining land was taken for a school that opened in 2007. The historic home is now the Vista Historical Society Museum.

**Ted Huntalas
1923-2016
Elected to Vista Hall of Fame
Regular Division 2020**

Ted Huntalas was born in the original farmhouse on the family ranch in Vista. That ranch later became known as Rancho Minerva, named by his father for the goddess of wisdom. Ted's birth was attended by a midwife, Mrs. Lorenza Serrano Marron, a granddaughter of the man who accompanied Father Serra to California. The Spanish style adobe home on Rancho Minerva was built in 1933 of bricks made on the property by the contractor. Ted was raised in the home that now serves as the Vista Historical Society Museum.

Ted was the youngest son of Nick and Bessie Huntalas who came to Vista in 1911 to start farming. They acquired a 420 acre tract of land that had originally been part of a Mexican land grant that covered the North County region.

Ted attended Vista High School and took pride in being a member of the first senior graduating class. Following his school graduation, Ted served in the US Army for two years during WWII in the Philippines. He was discharged in 1946 as a Staff Sergeant and then attended UC Berkeley. After college graduation, Ted returned to Rancho Minerva to manage the family citrus ranch.

Ted was witness to the development of the North County agricultural region that transformed from dry farming to more profitable fruit and vegetable farming with the advent of electricity and water in the 1930's. The Huntalas family was instrumental in forming the Vista Irrigation District that brought the first water to the new rural farming areas in Vista.

Rancho Minerva served as a hub of agricultural development for the burgeoning citrus and avocado industries in the North Country. The ranch grew during 1950's and 1960's to include over 5,000 trees and produced

VISTA HALL OF FAME

200,000 pounds of annually of avocado, orange and lemon produce

Later with the continuing growth of Vista, Ted was active as a licensed realtor and land developer. By funding the infrastructure improvements along Foothill Drive, including the original acreage that Rancho Minerva School is built on, he made it possible for housing to develop.

Throughout Ted's entire life, he was a very active, energetic person who embraced life to the fullest. He approached everything in life with a smile on this face and instilled the values of hard work and perseverance to all around him.

Ted was a frequent donor to the Vista Historical Society, and honored by being made a life time member. Ted was a member of Greek Orthodox Churches, the Hellenic Cultural Society, and a lifetime member of the AHEPA and the Pan Arcadian Greek philanthropy organizations.

Ted retired in 1993 after 70 years of hard work, to enjoy his grandchildren and tour the world with his beloved wife, Irene. All three of his children graduated from college and came back to the area to pursue their careers and raise their families. Ted spent many happy years surrounded by family and loved telling his grandchildren stories about the ranch and the history of Vista.

Currently there are two divisions of membership, the Regular Division and the Early Residents Division. The qualifications of each division are described below. VISTA HALL OF FAME

**Michael Thomas "Mickey" Irving
1901-1985
Elected to Vista Hall of Fame
Early Residents Division 2011**

Michael Irving was a member of one of Vista's pioneer families. His parents came to Vista in 1896. He was a well-liked man who participated actively in civic affairs.

Irving was a Vista school bus driver for the Vista Union School District during the 1920's. In 1930, he became a constable for the County Sheriff. As a constable, he was well known as a fair man who was good at his job. In 1936 his position was renamed to sheriff's deputy, and he had Badge Number 1. This badge is now in the San Diego County Sheriff's Department Museum.

Irving was married to Maria Etcheverry Itzaina, also a member of a historic Vista family.

He also served as a member of the Vista Chapter of the American Legion.

Darrell E. Issa
Elected to Vista Hall of Fame
Regular Division 2019

Born November 1, 1953 in Cleveland, OH (the second of six children) Darrell E. Issa is a businessman and Republican politician. In 1970, on his 17th birthday, Issa dropped out of high school and enlisted for three years in the Army. He became an Explosives Ordnance Disposal (EOD) technician. Issa received a hardship discharge from the Army in 1972 (his father had suffered a heart attack) and earned a General Educational Development (GED) certificate. Issa attended Siena Heights University, a small Roman Catholic college in Adrian, MI. Later, while getting a BA Degree Kent State University at Stark, he enrolled in the Reserve Officer Training Corps and was commissioned a second lieutenant. He served in the Army Reserves from 1976 to 1980 and was promoted to the rank of captain.

After leaving the military, Issa and his wife Kathy, moved back to the Cleveland area where their son, William was born. They pooled their savings to invest in Quantum Enterprises, an electronics manufacturer that assembled bug zappers, radio parts and various consumer products for other companies. Issa later purchased a struggling auto security company, turned it around and became a supplier to Ford as well as producing a proprietary line of automotive security products. As car theft rose in the 1980's, so did the demand for security devices. Toyota, Jaguar, BMW and General Motors joined Ford as customers. Issa sold the company to a California-based maker of home alarms, moved to Vista (where they has lived ever since) to work for the company. Shortly afterward he left to start Directed Electronics, Inc (DEI) one of the largest auto security manufacturers, which has been a North County employer since 1985 and a large Vista employer since 1989.

With his involvement in consumer-electronics trade associations, Issa became politically active. In 1996 he was chairman of the successful campaign to pass California Prop-

osition 209, a ballot initiative which prohibited public institutions in California from considering race, sex, or ethnicity in the areas of public employment, public contracting, or public education. He was instrumental in persuading the Republican Party to hold its 1996 convention in San Diego.

Issa's first campaign for elected office was 1998, when he sought the Republican nomination for United States Senate to run against incumbent Barbara Boxer. He lost the primary election to Matt Fong. In 2000 nine-term incumbent Republican U.S. Congressman Ron Packard decided not to run for reelection. Issa ran for Packard's seat, capitalizing on his name recognition from the 1998 Senate race and won the November election with 61% of the vote.

After the 2008 elections, Issa was appointed ranking member of the Committee on Oversight and Government Reform. Following the 2010 elections, Issa became chairman. He became a vocal advocate for improving transparency of federal agency reports and a Government Accountability Office examination of the Federal Reserve. He also became an advocate for investigations into the Obama administration, including the Troubled Assets Relief Program, the Financial Crisis Inquiry Commission, corruption in Afghanistan, WikiLeaks, and the Food and Drug Administration, among other issues.

In 2010 the Project on Government Oversight, a government watchdog group, awarded Issa with its Good Government Award for his contributions to government oversight and transparency.

In 2013 Issa introduced the Digital Accountability and Transparency Act of 2013 aimed to make information on federal expenditures more easily available, accessible, and transparent. The bill was signed into law by President Obama on May 9, 2014. Other legislation introduced and passed was intended to reduce IT procurement-related waste, and the Federal Information Security Modernization Act of 2014.

In July 2017, Issa introduced the CLASSICS Act to Congress in a bipartisan effort to empower artists through the collection of royalties for the preceding three-year period and by ensuring their creative rights remain in force for pre-1972 recordings just as newer artists are guaranteed by current legislation. Issa has been a consistent supporter of the Fair Play Fair Pay Act: granting radio performance rights for musicians and record producers.

In addition to the Oversight Committee Issa also served on the Committee on Foreign Affairs (Middle East and North Africa subcommittees and the Subcommittee on Terrorism, Nonproliferation and Trade); Committee of the Judiciary (subcommittee on Courts, Intellectual Property and the Internet (Chair) and the subcommittee on Regulatory Reform, Commercial and Antitrust Law.

Issa announced in January 2018 that he would not seek reelection for the House seat. On September 19, 2018 President Donald Trump nominated Issa to be Director of the United States Trade Development Agency and he is currently awaiting Senate Confirmation for that position.

Over the last twenty years many local groups have been beneficiaries of the Issa Family Foundation which has concentrated its support in Vista and the North County.

VISTA HALL OF FAME

Nancy B. Jones Elected to Vista Hall of Fame Regular Division 2017

Since she retired in 2006 after 19 years of teaching first grade at **Alamosa Park Elementary School**, Nancy B Jones has given thousands of hours of her time and talent to various projects throughout Vista. She consulted at the school, continues working with the Green Thumb Gardening Club, and leads Earth Day field trips to Guajome Regional Park for first grade classes. Her accomplishments can be divided into three categories: Kids, Gardening, and Community.

KIDS: Nancy coordinated California School Garden Grant for Vista Unified School District, bringing in \$63,000 for gardens at 20 elementary, middle and high schools 2007 - 2009.

For **Alamosa Park first graders**, she has provided field trips to Guajome Regional Park for Earth Day every year since 2010.

GARDENING: As a member of the **Vista Garden Club**, Nancy volunteered to help teach Vista children how to garden through the VGC's gardening classes for children. She served on the executive board as treasurer and corresponding secretary. She coordinated the club's annual Scholarship Luncheon opportunity drawing 2007-2011, raising funds for horticultural college scholarships. For the club's annual free flower show, their gift to the Vista community, Mrs. Jones served as Horticulture Chairman 2008-2013 and was Ice Cream Social Chairman in 2010 and advisor in 2011-2012.

At Alta Vista Botanical Gardens, Mrs. Jones serves on the AVBG board as Director of Children's Programs where she is known as "Farmer Jones." Nancy wrote and received the grant for Incredible Edibles garden at AVBG and supervised the building, installation, fencing and irrigation done by volunteers, 2009-2010.

Mrs. Jones founded and organized the Fall Fun Festival for AVBG 2009-present, working with community members to raise donations for the Gardens. The Fall Fun Festival includes a scarecrow contest, judges, activities for children, student volunteers and certificates of appreciation. Members of The Woman's Club of Vista volunteer at these outdoor events, where

children are given opportunities to express creativity, appreciate nature and to learn how to grow vegetables.

She also has organized and provided children's activities for Earth Day at AVBG from 2007-present including The Woman's Club of Vista and student volunteers, and certificates of appreciation. Activities are similar to those for the Fall Fun Festival, with an added bonus of opportunities to learn more about the environment, recycling, and how to enjoy life out in nature. Mrs. Jones continues to lead and provide monthly Kids in the Garden classes at AVBG, promoting environmental awareness and gardening, and has taught over 3,300 children over the last seven years, with all fees paid being donated to AVBG. This includes field trips for Scouts, elementary classes, homeschool and charter school groups at AVBG. She supervised volunteers for workdays at AVBG: high school and community college students earning their Community Service hours 2009-present. She led fundraising to bring the Ricardo Breceda "Serpent" sculpture to the Children's Garden in 2016, collecting donations from Vista Mayor Judy Ritter, The Woman's Club of Vista, and friends of the Gardens to add to her personal sponsorship.

COMMUNITY: As a member of **The Woman's Club of Vista** since 2009, Nancy has served as Corresponding and Recording Secretary, Newsletter and Publicity, and has brought energy and enthusiasm to her work as Club President from 2013-2017. She has volunteered with projects for local nonprofit organizations, including coordinating the Club's annual Donation Day from 2009-2013. Trained as a **Literacy Tutor** at Vista Library in 2006, she worked with three English learners over a 4-year period to help them earn their GEDs.

In 2012, Nancy Jones was recognized by the Boys and Girls Club of Vista, receiving their **Have a Heart for Kids Award** for all that she does for the children of our community.

KIDS, GARDENING, AND COMMUNITY:

Mrs. Jones has managed to combine all three of these interests: She has worked with the Boys and Girls Club Torch Club kids and other volunteers doing Garden Groomers workdays, weeding and trimming at Alta Vista Botanical Gardens.

**Adele Larimer
1915-2000**

**Elected to Vista Hall of Fame
Early Residents Division 2022**

Adele Larimer was born March 24, 1915 in Chicago, Illinois to Jock and Marge Rigoni. She was raised in the downtown area of Chicago and graduated high school at the age of 16. When she graduated she was given a brand new 1931 Ford. In those days you needed a license to drive. They were available at the local drugstore. She was also offered a fishing license at the same time, but history is unclear whether she accepted the offer.

After high school, she went to business college, which was the name in those days for secretarial school. She worked and or volunteered all her life beginning with a variety of jobs in downtown Chicago. The most memorable to her was at the Tea Room of Carson Pirie Scott department store. She was a cashier there. In 1937 she met Richard Larimer who was a machinist working at Western Electric, the manufacturing arm of A.T. &T. They were married about three months after they met on December 31, 1937.

They continued to work and live in Chicago until 1940 when they moved to Vista where his mother was already living. They moved because he liked to travel and his arthritic condition was made worse by the climate in Chicago. They decided to stay in Vista.

He got a job as a machinist for Consolidated in San Diego. While in Vista, Adele worked as an office manager for Sam Brockman, who was a realtor and grove manager. One of her duties was to drive his wife to Los Angeles to shop at Bullock's Department Store, the main store at the time in Southern California. They would then have lunch at Clifton's Cafeteria and drive back. It took several hours on the two lane roads each way.

They lived in a duplex in the area now known as the Townsite. They shared a bathroom with the other half of the duplex. Adele had her first experience with a cow there. One morning, when she was preparing breakfast around 5 a.m. there was a knock on the door. When she opened it she was face-to-face with a cow that came from across Santa Fe Avenue. She said that was the first time she'd actually seen a cow close up.

Richard and Adele enjoyed living in Vista but returned to Chicago because of World War II for the duration of the war. Richard had suffered from rheumatic fever as a child and had a heart condition that prevented him from serving in the military. Because of that, Adele gave up her intention of joining the Navy. Richard returned to his job at Western Electric, and Adele worked there also. After the war they returned to Vista where Richard resumed his job at Consolidated and Adele worked for Hilton Cleaners at their office in the First National Bank building.

After an injury where he lost part of his finger, Richard quit being a machinist, a job that he did not enjoy and went to work for Hilton Cleaners as a driver who picked up and delivered laundry. He also drove the truck in parades in Oceanside where the main office of Hilton Cleaners was located. Later he did the same job for the laundry at Camp Pendleton from 1955 to 1960.

VISTA HALL OF FAME

They lived at the corner of Foothill Drive and Beverly Drive renting a house from the owner of an avocado grove on a hill next to their home. The owner's home was on the top of the hill. Because of the hill, they named the two children they had while living there, Jack and Jill. Also, because there were no addresses, when they registered at different times to vote in 1946, they were put in different precincts.

Now that they had children, Adele stopped working for a while to take care of the children. They moved around living on Mason Road for a while and finally buying a home on Manor Drive. During this time, Adele volunteered for the Cub Scouts becoming a den mother for her son's den. When he was forced to leave scouts, to fulfill her commitment she stayed for an additional year. She also did other volunteer work in support of her children including the brownies for Jill.

In about 1957, Adele went back to work to pay for Jill's piano lessons which she took from Mrs. Tunnel on Monte Vista Drive. For a while, Adele worked for the Medlin Brothers, a pair of doctors on South Santa Fe where she did office work.

Later Adele worked for the Vista Unified School District first starting in the cafeteria at Lincoln Junior High School and remaining friends with people she met there for the rest of her life. Chief among them was a lady named Mary Rojas.

Richard and Adele loved to dance and joined the dance club known as the Saturnalians. This group made up mostly of teachers, held a dance once a month at the Palomar Rider's club house at East Bobier Drive and North Santa Fe Avenue.

In August 1960, they moved to a house they had built at 1648 Foothill Drive. Six weeks later Richard died of his heart condition.

During this time, Jill joined the Palomar Riders with her Palomino horse named Pal. Adele volunteered for the Palomar Riders including pulling horse trailers to their events.

After the death of her husband, she took a job as attendance clerk at Lincoln Junior High School. There she met Betty Clopine who was the secretary to the principal Paul Brostrum at the time. They became best friends. Mrs. Clopine had a second job teaching cotillion at the Woman's Club on the Community Church circle.

When Betty retired Adele took her job as the principal's secretary. She had this job until she retired in 1980. Her last principal was Dudley Hancher.

Beginning in 1960, Adele started volunteering for the Tri-City Hospital auxiliary known as the Pink Ladies. At first, because she was working, she volunteered as a receptionist. Then on Friday evenings, she volunteered in the emergency room where she was

known for cleaning up bloody messes. Later she also volunteered in Tumor Registry. This included checking obituaries in local newspaper to see if the hospital's former cancer patients had died. She volunteered for the hospital for about 40 years. In her 80's, when she was no longer able to drive, she walked a mile to get a bus to get to the hospital to volunteer. She also served on the auxiliary's board of directors and helped put on their annual strawberry festivals. She also volunteered in the office of the Community Church of Vista and as a docent at the first Vista Historical Museum. She also drove her friends around to their appointments and on their errands when they were no longer able to drive. She increased her volunteering after she retired. Also, after she retired, Adele and Betty traveled to Ireland as part of the Belleek Society. They also went hang gliding in Mexico and other trips and to Padre Games. She died from lung cancer at her home at age 85 in May 2000.

**Bainbridge Morse Larkin
1917-1982**
**Nancy Jane Cooper Larkin
1916-1986**
**Elected to the Vista Hall of Fame
Early Residents Division 2020**

Dick and Nancy Larkin moved to Vista in the spring of 1949 with their three children: David, Janet and Daniel. Nancy was with child to be born in August.

Historical Background

Bainbridge Morse Larkin, DMD ("Dick Larkin") was born in Georgetown Massachusetts on April 16, 1917. Georgetown was a small town in northeastern Massachusetts, incorporated in 1838. The house in which Dick grew up (an American arts and crafts Bungalow) was built by Dick's parents, Greta Morse and Richard Larkin in 1915. The Bungalow has been completely restored by Dick's niece, Louise Ann Richardson, and is registered with the Massachusetts Historical Commission as the Larkin — Morse — Richardson House. Parenthetically, the Bungalow has always been in a woman's name, but that's another story.

Dick graduated from Haverhill High School where he was on the football and baseball teams. Dick also played trombone in the high school orchestra. At age 16 "Dick won a trip to Europe playing" "I'm Getting Sentimental Over You" (Tommy Dorsey's theme song) in a local talent contest. During his high school years Dick played trombone in the Haverhill DeMolay band, directed by Howard Rowell, a cornetists with the John Philip Sousa band.

Nancy Jane Cooper Larkin ("Nancy Larkin") was born in Bellaire, Ohio on December 16, 1916. Nancy's father, Kenneth G. Cooper, was a lawyer and

an active member of the Presbyterian Church in Bellaire. Nancy's mother, Florence Long Cooper, was an Ohio State graduate and very active in civic affairs in Bellaire. Florence was responsible for starting the Girl Scouts in the state of Ohio.

Nancy was very active in clubs at Bellaire High School. Outside of high school Nancy assisted her mother with the civic activities in Bellaire and was involved with youth activities at the Bellaire Presbyterian Church. Nancy graduated valedictorian of her high school class.

Dick and Nancy met at Swarthmore College in Pennsylvania. Dick majored in economics. Nancy majored in sociology. Nancy was invited into Phi Beta Kappa and graduated Cum laude. After graduation from Swarthmore, Dick went to work for North Western Mutual Life Insurance and was sent to Hartford, Connecticut. Nancy returned to Ohio and became a social worker in a tough section of Columbus where she had to carry a gun for protection

Because Dick and Nancy had been sweethearts at Swarthmore, they decided that a long distance romance was less than desirable; thus they were married at the Presbyterian Church in Bellaire, Ohio on December 30, 1939.

Nancy moved to Connecticut where they lived until Dick decided he wanted to become a dentist. In the fall of 1940 Dick entered the dental program at Tufts University in Boston, Massachusetts.

Dick and Nancy had their first child, David Morse Larkin, on April 3, 1941.

December 7, 1941, "a day in infamy", when the Japanese Imperial Navy attacked Pearl Harbor, brought about radical change in the United States. Tufts dental school was taken over by the U.S. Navy. The Navy accelerated the dental program to prepare dentists for active duty as soon as possible.

While completing Dental School Dick and Nancy had their second child, Janet Adams Larkin, on March 15, 1944.

Dick graduated cum laude from Tufts. Due to his outstanding performance as a dental student, Tufts and the Navy requested Dick to teach younger dental students to help ready them for active duty. Thereafter, Dick was immediately stationed at Newport, Rhode Island. Nancy, David and Janet followed Dick to Newport where they lived in military housing. At night all buildings were blacked out.

VISTA HALL OF FAME

The war ended in the summer of 1945 and Dick and David (then 4 1/2 years old) hopped in a 1941 Mercury Coupe and headed for California. Dick chose La Jolla as their destination. Nancy and Janet went to Bellaire, Ohio to live with Nancy's parents until Dick located the house.

Dick immediately began to practice dentistry, having taken over a retiring dentist's practice. The office was well located on La Jolla Blvd. near Scripps Hospital and the Bishops School. Dick's dental practice rapidly grew and he remodeled the office to include a tropical garden and waterfall view from every operatory.

In La Jolla Dick and Nancy had their third child, Daniel Cooper Larkin, born on Leap Year Day, February 29, 1948.

After three years in La Jolla, Dick and Nancy, being cognizant of the rapid growth in La Jolla and somewhat disenchanted with the number of La Jolla's overcast days, began a quest for a community with a slower pace and country environment. At that time Nancy was pregnant with their fourth child.

A New Home in Vista, California

Dick and Nancy moved to Vista in the spring of 1949 with their three children and one on the way. The couple was drawn to Vista for a variety of reasons. Vista was a quaint community with a population of approximately 5000. Vista had its own water source, thanks to the foresight of early pioneers of Vista in the 1920's. The Vista schools were well organized. Vista's climate was the best in the world according to the Chamber of Commerce. At the time Vista was considered to be the avocado center for San Diego County.

Dick and Nancy bought a five bedroom, 2 1/2 bath home on 3 1/2 acres with approximately 1 1/2 acres of avocados for \$25,000. The house was located at 639 Hillside Dr. which shared a common boundary with Charles and Mita Royer.

At the time Dick and Nancy moved into their new home, the avocados had not been picked. Calavo recommended the Grove be harvested immediately. Shortly thereafter Dick received a check for over \$5000 for the crop. Dick was overjoyed and momentarily considered becoming an avocado farmer as opposed to practicing dentistry. Nancy squelched the idea very quickly.

Dick and Nancy had their fourth child, Bainbridge Morse Larkin, Jr., born August 19, 1949.

Because Dick was busy setting up an office by converting an old house on Michigan Avenue across from the old Telephone Company and Richard D. Ring's Law office, he hired Sally Castillo deLeon to help Nancy with her new baby and setting up their new home. At the time Sally was just starting high school.

Dick and Nancy immediately became involved with the activities of Vista. Dick joined the Junior Chamber of Commerce and was a prime mover in the organiza-

tion of the Vistacado days in the early 50's. One year Dick volunteered to be the Chairman of the event. There was a beauty contest at the Avo theater and Jules Strombow professional wrestler crowned the Queen. The first division Marine Corps band played several concerts. Vistacado days brought the whole community of Vista together.

Dick also organized Vista's only band review with the help of Jimmy Jamison, the longtime chairman of the All Western Band Review held in Long Beach, California, an annual event in November of each year. Jamison arranged to have the same judges used in Long Beach to come to Vista to judge the participating bands. It was a spectacular event for those who enjoyed watching excellent high school bands march down the streets of Vista.

At or about the same time Dick was recalled into the Navy at the time of the Korean conflict. Fortunately, Dick was stationed at Camp Pendleton, so the family did not have to move or interrupt their lives after becoming settled into the flow of Vista.

In addition to raising a family of four, Nancy was active in several community groups, including the Community Church, Triple M, and Panhellenic, an organization of college sorority women. Nancy also helped with Janet's Brownie troop and Job's Daughters. Both Dick and Nancy were involved with their sons Cub Scouts, Boy Scouts, DeMolay and high school sports.

Having been born and raised in New England, Dick had a yearning for lakes and streams. Dick located 10 acres in Vista with a year-round stream and built a pond under the direction of the Soil Conservation Service. Lou Whitt, a longtime resident of Vista, excavated the pond. The family enjoyed fishing, swimming and picnicking at the pond in the early 50's. When Dr. Larkin was released from Navy in 1954, the pond property was sold and the family moved to Massachusetts to attend to family members who were ailing.

The Larkins moved back to Vista in 1956. Dick set up a new dental office in the Rancho Buena Vista ("Adobe") owned by Dr. Walter and Anastasia E. Weil. Walter and Anastasia ("Doddles") and Dick and Nancy became good friends both socially and professionally. Dick and Walter planned the first medical offices which included Black's Pharmacy; across the street from the original Vista High School.

Dick and Nancy loved music and encouraged music especially in the schools. In or about 1957

VISTA HALL OF FAME

Dick and Nancy formed the Vista Band Boosters organization. Dick used his military connections to bring members of the Marine Corps Band from Camp Pendleton to drill the Vista High School Band into an award winning unit.

Dr Larkin was asked to fill a vacancy on the Palomar College Board of Governors during its formative years. Dr. Larkin served from 1958 to 1961 on the Palomar College Board.

In 1960 Dick and Nancy purchased 10 acres on Mission Road approximately halfway between Bonsall and Fallbrook. The property had unique features in that two streams came together on the property. Dick and Nancy had always dreamed of having a family business in which all children could participate. Dick located an old barn in Temecula and disassembled it using the siding to build what was later called Valley Fort. Valley Fort consisted of a general store which housed antiques brought from New England and a restaurant which served chicken, hot dogs and hamburgers, etc... The building was surrounded by a stockade made of cedar poles. The cedar poles came from Julian. At the time Valley Fort was open only on weekends and included Dixieland music and Western gun fighting, such as the "Shoot Out At The O.K. Corral". The Fort was also open for private party events. The second year the Fort was open, two Vista High School teachers opened a summer camp and build a swimming pool on the property. Valley Fort was featured in an issue of Sunset magazine as a destination point of interest in San Diego County.

Dr. Larkin had a busy dental practice in Vista from 1949 until 1963. He became known as the "Gentle Dentist", and was always helpful to those in need of dental treatment, even on the weekend, regardless of their financial status.

**Jim and Carlotta Malone
Elected to Vista Hall of Fame
Regular Division 2020**

My dad, Jim, started teaching at Vista High School in 1971. He was the swimming and water polo coach and taught history, government, economics, and I believe French for a short while.

He moved over to Rancho Buena Vista when it first opened in 1987 and continued to teach senior government, economics and coach swimming and water polo. He also coached an age group swim team for the better part of 15 years outside of school. He retired from full time teaching in 1998...but continued to teach a ROTC class and mentor young stage crafters (sound, lighting, scenery).

He started volunteering at the Moonlight in its second season in 1982...doing whatever they needed as a handy-man. Eventually he was a regular employee of the Moonlight as head carpenter building scenery for the shows. To this day he still helps the shows out over at Rancho. He also was inducted into the San Diego coaches hall of fame and his picture is up in the hall of fame museum in Balboa Park!

My mom was a substitute teacher through the mid 70's and 80's. She coached the girls Vista High swim team and diving for a number of years at my dad's side. She became a full time fourth grade teacher at Monte Vista Elementary in 1987. She retired in 2004.

She volunteered for Moonlight its first year in 1981. My sister and I were cast in Oliver and mom was such a great seamstress she offered to help with the sewing. Eventually she was the go to costumer for the Moonlight.

I joke with my friends out in the industry telling them that my folks only volunteered because we were in the shows...and now they work more than I do...but there's a whole lot of truth to that.

VISTA HALL OF FAME

**Charlotte "Cleo" Morgan
1892-1972
Elected to Vista Hall of Fame
Early Residents Division 2015**

From "The Vista Press" February 2, 1972

Vista today mourns the death of a woman who loved her community and in turn was loved by all its citizens.

Charlotte "Cleo" Morgan, whose life was concerned with beauty, died Sunday at Tri-City Hospital.

Vista city officials, saddened by her death, praised the quality of her life.

"Vista has lost a true friend and faithful citizen... one who never talked about what should be done, but one who got in and did it. It will be hard to part with someone like this who has given so much of herself to so many people" said Mayor Orbee Mihalek.

Mrs. Morgan, who lived with her husband, Jack, at 164 Walker Way, was interested in the beautification of Vista, the development of a park system, and in upgrading in any way the appearance of our city.

"I have enjoyed a long friendship with Cleo and Jack, one that from the very beginning was full of respect and admiration. Respect for her as a competent businesswoman, and admiration for her beautiful attitude towards life and her fellow man. Surely, heaven will glow with her presence," said Vice-Mayor Kenneth Annin.

Friends may pay their last respects to Mrs. Morgan today from 9 AM to 9 PM at the Vista Chapel Mortuary.

Graveside family services will be held Thursday, at 11 AM at Valhalla Memorial Park in North Hollywood.

"The passing of Cleo Morgan is without a doubt a great loss to our community. Her achievements are examples of a truly outstanding citizen – one who not only dedicated her time and energy to the beautification of our city, but who was firm in her belief that Vista is truly 'the most beautiful place to live'. Her expression of such conviction was evident by the work she

alone performed and projects of beautification which she initiated. Her loss will be felt throughout the community," said Councilman Troy Doan.

Mrs. Morgan is also survived by sons, Upton Smith of Long Beach; Malloy Souberg, of Glendale; a daughter, Mrs. La Vanda Tilt, of Escondido; and 13 grandchildren and 24 great-grandchildren.

"She has been a forerunner in community life. She had an appreciation for Vista that few people had. Vista will miss her greatly," said Councilman Noble Tanner.

Mrs. Morgan was president of the Vista Garden Club for two terms. She was a member of the Woman's Club of Vista; a member of the Second Horizon Club; the Grandmothers' Club; an active force in the Vista Beautiful Committee; a member of the chamber of commerce; a former Grange member; a former member of the Rebekahs; a member of the Palomar Cactus Association and a member of the California Cactus Grower Association.

"We have lost a very dedicated citizen who always strove for the betterment of Vista," said Councilman Stanley Matush.

Philip Ferguson, chairman of Vista Beautiful, said: "Without a doubt she's contributed as much or more than anyone else to the actual beautification of Vista. Both Vista Beautiful and Vista are better because of her efforts."

Vista now – though in morning – is not somber, but wears like a garment the beauty of her efforts.

Miriam Alice Small Nichols was married to Emil D. Nichols and had four sons: Paul, Patrick, Philip, and David. They retired to Vista in 1970. Miriam was an avid volunteer and environmentalist her whole life, offering her time and talents to promote environment and community events.

Miriam's primary outlet for volunteer efforts was the General Federation of Woman's Clubs. She joined the Woman's Club of Vista in 1972.

In 1980 The Woman's Club, Miriam and David's Boy Scout troop began the first glass curbside recycling service for Vista - also the first curbside recycling program in San Diego County.

"At first we collected newspapers in a big piano box under a tree at the clubhouse," Miriam shared. When the box was full, she loaded her Volkswagen bus with the papers and took them for recycling. Then the club re-ceived a grant from the California Department of Conservation for a truck to use in curbside pickup of newspapers and plastic soda bottles. Miriam created a "Hazardous Household Waste" pamphlet, printed and

distributed to over 25,000 residents.

During November 1991 Miriam presented her recycling program to delegates from 70 nations attending the Global Assembly of Women and the Environment: Partners in Life, sponsored by the United Nations Environmental Program. Her presentation was titled: Woman's Club of Vista's Recycling and Hazardous Waste Education Programs. The Global Assembly of Women and the Environment "Partners in Life" had as its goal to demonstrate women's capacities in environmental management as they related to global ecological issues, focusing on water, waste, energy and environmentally-friendly systems, products and technologies. The 218 success stories presented at the Assembly - including Miriam's - were selected from all regions of the world. In October 2008, the CD for \$10,000 from The Woman's Club's curbside recycling was cashed and donated to Alta Vista Botanical Gardens to help build the ponds and waterfall project, a beautiful central water feature which is a delightful focus for visitors. Miriam was The Woman's Club's Beautification Chairwoman. Miriam was an avid supporter of the Gardens, and in December 2009 The Woman's Club of Vista was honored with AVBG's first obelisk award for continued support and donations. In 2012 she celebrated her 90th birthday at the Gardens.

Miriam loved the environment and was well-informed in important issues and events around the world. Miriam celebrated Earth Day for years. In 1986 and 1995 Miriam and The Woman's Club of Vista planted trees for Arbor Day. In the 1990's Miriam learned how to propagate oaks from acorns and then worked with students at Olive Elementary to start 700 seedlings. They used tar paper cylinders to allow the acorns to grow strong tap roots, and then planted them at local parks. These efforts were recognized by Keep America Beautiful and the United Nations Environmental Program. She organized numerous cleanups, historical restoration projects, educational programs for children, and much more. Over four decades, her efforts for local, state, national, and international organizations generated tens of thousands of dollars and hundreds of volunteers.

She served as The Woman's Club of Vista President for two terms 1976-77 and 1992-93. She served as Palomar District President for three years 1981-84 when her President's theme was "Bells Are Ringing: For Volunteers." She worked with the District and local clubs to contribute to and celebrate the installation of Mission Bells along the El Camino Real. In 1996 The Woman's Club of Vista installed an El Camino Real Bell at Rancho Guajome Adobe. In 1999 Miriam

made the trip into Baja California for the installation and dedication of the third El Camino Real bell at Mission San Miguel, south of Rosarito. She celebrated the centennial of the Mission Bells at a dedication in Los Angeles in August 2006. The bells were originally paid for and erected by the El Camino Real Association in the early 1900s

"Miriam Alice Small was born April 4, 1922 in Pullman, Washington, attended local schools, and graduated from Washington State University in 1944. After volunteering for a local typing pool, she met her future husband, Emil D. Nichols, an Air Force lieutenant. They married in 1945 in Macon, Georgia, and went on to have four sons: Paul, Patrick, Philip, and David. As

Miriam was an avid volunteer her whole life. She created the first curbside recycling program in San Diego County, as well as organizing numerous cleanups, tree plantings, historical restoration projects, educational programs for children, and much more. Over the next four decades, her efforts for local, state, national, and international organizations generated tens of thousands of dollars and hundreds of volunteers. He was the first secretary-treasurer of the district and was on the board of directors until his death in November, 1933. Anna pre-deceased him in June 1933. Their four children, William Otto, Ernest, Anna and Helen, all lived in or near Vista most of their lives.

Carl Pinamonti 1928-2009

Elected to Vista Hall of Fame Regular Division 2014

The following is the speech given at the Hall of Fame induction by Angela Pinamonti.

To the many citizens and amazing community of Vista, especially to the Vista Historical Society, thank you

for inducting Carl into the 2014 Hall of Fame. Our family is truly blessed to remember our grandpa, brother, and father in this way.

For those of you who may not know, my name is Angela Pinamonti and I am Carl's eldest granddaughter. My father is Carl Pinamonti Jr., who is here today. It surely is hard to capture in so few words not just the dates and the facts, but the essential character of my grandpa. I am one of the countless people who draw inspiration and gratitude from him. This is my attempt to represent his legacy.

Carl was born in 1928 in Inglewood CA. At age 18, he began his family and had seven children Ernie, Maryann, Toni, Carl, Gina, Patrick and Enrico. He got his construction start in the plastering business and ultimately became a general contractor. During the Vietnam War in 1969, the family battled it's largest tragedy, the death of their eldest brother and son, Ernie.

Emerging from heartbreak, and with high hopes to retire, Carl made the trip down to Vista in the early summer of 1970. But grandpa, being grandpa couldn't retire yet, so he continued his construction business. He purchased 9 acres off of Monte Vista Dr, and traveled down every weekend with some of the kids to create his first family home. He completed it within 3 months and the kids were able to attend school in the fall. The whole family moved in Sept 1970 and officially made Vista home.

With no retirement in sight, grandpa began his relationship with the City of Vista. With only one traffic light standing at the time, his first project purchase was 6 acres next door to the old McMahon Furniture Store off of Santa Fe. There, he developed the Franciscan Inn. After building the Inn he moved into Room 48 and used it as his first office. Every morning at 5 am he would meet at Mayfair Market with friends and other contractors. Joe Garassi, was with him every morning. Joe worked with Carl for many years as his superintendent. The Mayfair market would be the place to hash out his next project, Carrow's Restaurant. After the completion of the restaurant, he moved his temporary office at the Inn to one off of Eucalyptus Dr. This was in fact his first true Vista office. In July 1974 the Mayor of Vista, asked the Chamber of Commerce to develop a meaningful program to celebrate our nations birthday in 1976. As a result, the Bicentennial Committee was created consisting of 28 committees. Carl was Chairman of the Development Committee that would oversee the Bicentennial Project. The Committee approved the original amphitheater and Grandpa proceeded to make it happen. If you know my grandpa, there was nothing big or small that would stand in his way. Carl proceeded to encourage the donation of material and labor and he followed it to a successful completion. He continued to donate after it was built. He then began to build houses around the city and many other commercial projects. He eventually made his way to other neighboring cities, and worked with his brother, Al Pinamonti on many projects.

VISTA HALL OF FAME

Throughout the course of his construction career, he became very well known with Vista city building officials. If any of you knew him, you knew he loved attending city council meetings, and interacting with city officials. I mean he was a businessman, so he definitely debated with a few.

If you ever needed Carl for anything during the day, you knew where his lunchtime office was. He sat at his favorite table at Feliccia's Restaurant. He would hash out business deals on the paper tablecloths and many offers were made there. I can remember when my cousins and I had half days at St. Francis middle school. We knew we were going to Feliccia's for lunch to see grandpa. It just felt like home.

In the early 80's, grandpa had his cancer surgery and they removed his Larynx. Carl was definitely known to voice his opinion and in just one day his speech was taken from him. It took him one year of voice therapy just to get out one word. My cousins and I grew up with him this way and never heard his normal voice. I always wondered what he sounded like. It was a constant struggle to understand him, but it didn't damper his lifestyle, because he began to clap and pound on the table to get your attention. He sure did mean business.

Everyone knew Carl for his generosity with his time and money. He loved to help out small builders and therefore loaned money to these businesses to allow them to get their starts. These small acts of kindness played a role in impacting other business owners of Vista. He donated to the Vista Boys Club and was involved in the start of Vista Pop Warner.

If I have one vivid memory of my grandfather's character, it was that he was extremely hardworking, honest, and trustworthy. He ended up working into the 2000s even though he thought of retiring in the 70s. He was the guy known for paying all the trades on time and within days of them submitting bills. If you did the job correctly, you got promptly paid. He was also the grandfather that would donate to any activity that his grandchild was a part of. He was honest and loyal and for that, he was graced with loyal employees. Betty Stevenson eventually followed him down from Hawthorne and became his office secretary. Frank Dvorak met him in Vista and started as the office Manager in the Eucalyptus office and eventually became a City Inspector. One of the few still working for the family today is Beverly Mottino from Vista and that's just to name a few. Eventually, many of his Italian friends had joined him in Vista and also became established in Vista.

One dream he never saw to completion was the Vietnam Memorial Park, named "Ernie's Place" after his late son. Grandpa donated land off of Mercantile and Guajome to be built into this special park. The park has been relocated onto the Corner across from Main St and associated with the new Paseo Santa Fe project, which should be completed sometime in 2015. Fundraising for the park will begin later this year, and will be a great reminder of all of our service men who fought in Vietnam.

Thank you again for letting me share the life and love of my grandpa. It was a gift to create this speech and be able to get to know him even more. He is my inspiration and someone I think about when I meet challenges in my own career. I often think "What would grandpa do?" If he weren't such a generous, hardworking, and amazing man, I wouldn't be standing here making this speech today. On behalf of my Dad, Sister, five Uncles and Aunts, and 15 cousins, we thank you from the depths of our hearts. And thank you grandpa, for giving me a very common question to answer proudly, Are you one of the Pinamonti, Pinamonti's? Yes, that would be me. Thank you.

**Margarita Fischer Pollard
1886-1975
Elected to Vista Hall of Fame
Early Residents Division 2024**

Margarita Fischer Pollard, known as the American Beauty of the silent movies, made her first silent picture, "Jackie of the Navy" in 1916. Her husband, Harry Pollard, was an actor-director, and later, an official of Metro-Goldwyn - Mayer.

The Pollards purchased Rancho Buena Vista in 1931 from Jack Knight and in the ensuing years spent between \$100,000 and \$150, 000 reconstructing and refurbishing it.

While the rancho was first being made suitable for occupancy, the Pollards stayed at the Vista Inn.

They had brought with them from the Metro-Goldwyn-Mayer Studios Arthur Fields, who stayed at the Inn also. Fields, who lived at the rancho for 20 years, was responsible for the planting, landscaping and general maintenance. He was also chauffeur, confidant and family friend. Mr. Pollard died in 1934 and after his death Fields stayed on as caretaker and supervisor of the property for Mrs. Pollard. He died in December of 1974 at the age of 84 years.

After Mr. Pollard's death, Margarita continued the work of refurbishing the adobe, bringing tiles from Italy and Mexico for floors and baths; candlesticks and other rare bric-a-brac from abroad and from Mexico; and hung the walls with rare tap-estry- and pictures.

With failing health, and unable to continue her work, Margarita sold the Rancho Buena Vista in 1951 to Frederick Reid, part owner of the Golden Nugget Casino in Las Vegas.

Margarita continued to live in Vista until the early 1970's when she entered a convalescent home.

She died March 11, 1975.

Tom J. Ramoss
1905-1982

**Elected to Vista Hall of Fame
Early Residents Division 2013**

Tom Ramoss was a fifth generation Californian, born in San Juan Capistrano in 1905.

He was baptized in the Old Mission Church and later served there as an altar boy.

In 1922, at age 17, Tom went to work as a wrangler on the 100,000-acre-plus Santa Margarita ranch. His job included handling a remuda of 300 horses, readying them for the dozens of vaqueros employed there at the time who generally had 50,000 cattle and thousands of horses to work.

Tom toughed the wrangling job out for some three months before he was promoted to vaquero. In time, because of his having steeped himself in the Spanish tradition of handling horses, combined with a gentleness and singleness of purpose, he was to become one of the best and most respected reinsmen in the business. When the Federal Government acquired the Santa Margarita ranch in 1942 for the Marine Corps and turned it into Camp Pendleton, Tom stayed on, taking over the riding stables, the horse-shoeing, blacksmithing, etc.

It was there he met his future wife, Patricia Kay, a lady Marine from Boston, Massachusetts. Pat knew horses and was a horsewoman herself. In addition, she was a great admirer of the era in California history which Tom and his Spanish ancestors exemplified, so they had much in common.

In 1947, after their marriage, they moved to Vista.

Tom, who had shod his first horse at 14, established a horse ranch, specializing in champion-class Arabians, in which he was successful. He also put in a blacksmith and horseshoeing shop.

VISTA HALL OF FAME

He was a great horse trainer who used an inherent gentleness and patience with the animals. He often spent a year or more on horses he was training, first accustoming them to control with a simple hackamore to guide them, sometimes for months, before a bit was put in their mouths. The Spanish bit, Tom said, should only be entrusted to special hands and placed in the mouths of special horses. The "finished" horse was expected to cut cattle as well as execute necessary movements and specifications. Remarkably, Tom was able to teach his art to others, and the horse world is much richer for this shared talent.

Tom rode in the first "Western" motion picture to receive an Oscar: "In Old Arizona," starring Mary Astor and Warner Baxter. He rode in the Tournament of Roses Parade in Pasadena and in the 1932 Olympics.

An expert calf roper, he won the California State Championship in the early 1930's.

Tom Ramoss was a skilled horseman, riding in the Californio style. Upon moving to Vista Tom and his wife became life members of The Vista Palomar Riders Club. He was an integral part of The Vista Palomar Riders until his death, serving two times as president of the group and multiple terms as a board member, and multiple times as committee member and "Trail Boss" for the club's five-day, 100-mile ride from Vista to Palomar Mountain and back.

He was not only an outstanding horseman but a generous individual who donated time as a judge for the Vista Palomar Junior riders, local 4H and other area junior horse groups. Horse people in the Vista area often called on Tom for advice when they were having trouble with their horses or for actual help with the animals including getting horses in the trailer.

He was also a Life Member of Caballeros del Camino Real, and an Honorary member of the Desert Arabian Horse Association.

He had a "flour sack full of ribbons and awards."

Tom Ramoss was an artist on horseback—a California Reinsman.

He died August 10, 1982. His coffin was carried on a wagon drawn by two Clydesdale horses and driven by long-time friend Frank Lopez and accompanied by a large procession of friends.

He was interred with his boots, spurs, bits and some of the iron and steel tangibles of his profession. but he left a priceless bit of golden California history for posterity.

Bernard "Bernie" Rappaport, a veteran of World War II, his wife, Lenore, and three children; Gideon, Hannah and Sharon moved to Vista from Los Angeles in 1969. Before coming to Vista he was an engineer in the infancy of the semiconductor industry (before the invention of the transistor). Once he settled in Vista, he began to involve himself with the community in a variety of ways.

From 1971 to 1977, Bernie was a member of the Vista Planning Commission and served as chairman of the commission for part of his term. In 1977, he was elected to the Vista City Council. He served as mayor from 1978 – 1980.

Bernie served on the boards of the Rancho Vista National Bank and the Vista Community Clinic. He also served on the San Diego County Grand Jury for a year.

During their 1990 – 1994 campaign to raise money for the construction of a new library, Bernie became actively involved with the Friends of the Vista Library. He was the chairman of the fund raising committee and was instrumental in organizing the "Buy a Leaf" campaign that was very successful and continues to bring in money for the library. When the State Library Board was deciding what libraries to provide construction funds for, Bernie heard that the desperately needed Vista library was far down the list of priorities. He went to Sacramento and pleaded the case for Vista. Our library was made a priority due to his efforts. Thanks to his leadership, the funds were raised and designated by the state library system so Vista was able to open a much needed new library in 1994. He continued to be an active member of the board of the Friends.

VISTA HALL OF FAME

From 2005 – 2006, Bernie chaired the citywide campaign to pass Proposition L. This was the ¼% sales tax initiative that passed in November of 2006. This additional money provided the City of Vista with much needed revenue. The money raised funded two new fire stations, the sports park, and the new city hall civic center, as well as other city construction projects.

Bernie became president of the Friends of the Library in 2004 and remained president for 6 years. During his tenure as president, the Friends were able to donate \$237,500 for matching funds to the Vista branch of the San Diego County library system. This money was matched by the county library system. In addition, \$86,913 was provided directly to the Vista branch of the county library system for numerous books, programs, magazine subscriptions, tapes etc.

There were many obstacles to overcome, but Mary always found a way to succeed in her quest. She would not take no for an answer. Due to her unwavering hard work, the San Diego Symphony did perform at the Moonlight Amphitheater, not just once but annually for several years and as recently 2018. Mary's original idea was inspired by her yearly treks downtown to watch the Summer Pops shows. She brought her idea to fruition and was able to introduce the symphony to Vista families right in their backyard.

Mary has been a successful Vista business owner, and involved in the Real Estate Mortgage community in San Diego County for over 30 years. Meta Royer arrived in Vista in 1937 and worked with her husband in the real estate business in the Vista area, with five offices. They also organized the first trash and garbage pickup contract with Vista Sanitation District. She was secretary of the Chamber of Commerce for 10 years and remembered that the Vista Irrigation District and Chamber were the only governing bodies when she arrived in Vista. The Episcopal Church met in their basement until the church was built.

She recalled the days when Leo Carrillo, a friend of the Royers, would stroll through the town with his silver-studded gauchos and guns in his holsters.

George Sexsmith was born in Sault Ste. Marie, Canada, and came to California in 1912. Before coming to Vista in 1929, he and his father Charles operated a market in Cardiff.

The same year that he and his father opened their market in Vista, George met his future wife, Emily Dippel. They married in 1932.

Sexsmith's Market, which was located at 538 South Santa Fe Ave. in the Granada Building, successfully operated from 1929-1958. It was the first market in Vista to sell frozen foods and canned baby foods, and to operate on the self-service principle.

George was a charter member, first secretary and fourth president of Vista Rotary Club and a Paul Harris Fellow of Rotary. He was a member of the Vista Volunteer Fire Department and, along with his wife, worked in Civil Defense during World War II as an aircraft observer. He was a director and vice president of the Vista Chamber of Commerce and one of the first three members initiated into Vista Masonic Lodge #687 on May 7, 1945.

Throughout his life, George was known for both his photography and his poetry.

Emily was actively involved in many civic groups, including PEO and the Woman's Club of Vista. She worked as a volunteer for the American Red Cross, the Heart and Cancer Associations and American Field Service. She was active in bringing music and art to Vista through such organizations as Hidden Valley Community Concerts.

As supporters of the American Field Service and visiting International Students Association sponsored by the Vista Rotary Club, and other foreign exchange student projects, George and Emily sponsored many international students. They were mem-

Abraham Michel "Abe" Shelhoup
1902-1981
Elected to Vista Hall of Fame
Early Residents Division 2015

Based on "A History of Vista"

Abraham and Hayat Shelhoup, who lived in a large Mediterranean style home on a hill overlooking Vista, were both natives of Douma, Lebanon, where Abraham was born January 24, 1902. "Abe", as Vistans knew him, came to this country in 1920 to join his father, Mike Shelhoup, who had come to Brawley, California, some seven years earlier.

With his father he came to Vista in 1928 and they purchased a grocery store and butcher shop located in the Pechstein Building in the 100 block of East Vista Way, just east of Santa Fe Avenue. Adding dry goods, "Abe" and his father continued the operation of this market. The two worked together until 1936 when "Abe" bought his father's interest in the business. "Abe" sold the market in 1938 and established a variety store. In 1941 he opened his well known Department Store at 236 East Vista Way (now 236 Main Street), where he sold only name brand merchandise and took great pride in the fact that he served second and third generation customers of some Vista families.

In 1948, Mr. Shelhoup built the Avo Theatre, where Vistans have enjoyed moving pictures throughout the years. The Avo has seen many civic gatherings also, such as the crownings of Miss Vista and some theatrical showings.

Mike Shelhoup, Abraham's father, died in February of 1955 at age 84. Mrs. Mike Shelhoup died in Lebanon in 1978, having attained the age of 103 years.

Hayat Shelhoup came to America in 1940, having lived for a time in Central America and Mexico.

Abraham and Hayat's son, Kamal, holds a doctorate in Political Science from Claremont Graduate School, and is also an accomplished aviator. He has been selected to appear in the 13th Edition of Who's Who in California.

VISTA HALL OF FAME

Abraham was a member of Vista Lodge No. 687, F&AM, Al Bahr Shrine in San Diego, Scottish Rite Bodies, member and past president of Palomar Shrine Club, Vista High 12 Club, Boys' Club of Vista, Director of San Diego County Red Cross, and Vista Rotary Club.

He was a staunch supporter of All Saints Episcopal Church.

Over the years he worked constantly behind the scenes to make Vista a better place. He donated the 286 trees that line East Vista Way; gave two fountains to the city, one at Vista High School, the other near East Vista Way and Indiana Avenue. He provided eight benches for the downtown area, and tables and benches in Soroptimist Park on North Santa Fe Avenue.

He said he enjoyed doing things for people, and many Christmas baskets were provided to needy families with no recognition being sought. While he shunned office holding, he was a guiding force in the city's development.

In addition to his flawless English, he spoke his native Arabic, Russian, French and Spanish.

Vista would not have been the same without Abraham Shelhoup. Abraham Shelhoup died of a heart attack on Sunday, August 16, 1981. He was 79 years of age.

**John Slivkoff
1891-1984
Elected to Vista
Hall of Fame
Early Residents Division 2013**

The Slivkoff family was loved and admired by the Vista community for almost seven decades. A Russian immigrant, John arrived in the United States in 1911 with his parents, four brothers and two sisters.

In 1917, he came to Vista with his new wife, Mary, and farmed on land leased from early settler, Jules Jacques Delpy. Along with his own farming endeavors, he helped the Delpys with the experimental growing of avocado trees, a unique and profitable crop that would later make Vista the Avocado Capital of the World.

Mary came to America with her family separately, but when they met they found they had live in Russian towns only a few miles apart. They were married on December 24, 1915, a union that thrived for almost 70 years.

The Slivkoffs had four children, John Jr., James, Sarah, and George, a bomber pilot who was killed during World War II when his plane was shot down over Germany.

Over the years, the Slivkoff family supported, and often participated in, countless worthwhile endeavors in their chosen community.

John worked hard all his life, and enjoyed putting in a full day until late into his 80's. At one point in the early years, he supplemented his farming income by buying a baler and charging \$2.00 a ton as he baled hay throughout North San Diego County.

He said that he was proud of having been able to support his family over all the years, "in good times and bad."

By 1926, he was able to buy his own six and one-half acre ranch at the top of San Clemente Avenue. He built his home and barn himself, and he and Mary lived there for the rest of their lives, greatly enjoying the large family gatherings of their children, grandchildren and great-grandchildren.

John raised mainly avocados, limes and vegetables. He also was a noted beekeeper for many years, with as many as 60 hives at one time.

Various publications featured photos of the red-flowered trumpet vine that grew completely over the barn and additional out-building on the property. The vine had been planted by their son, George, in 1932, and was a happy reminder of him after his death in World War II.

John Slivkoff was noted for his sense of humor and good disposition. He had a long, flowing beard for almost a half-century, and said that he won "every beard contest" over the years.

He often came to The Vista Press to visit Publisher Everett Remsburg, until Everett's death in early 1972. The two had been fast friends from the arrival in Vista of Everett and his father, M.Z., in 1926, when they started Vista's first newspaper.

VISTA HALL OF FAME

John helped unload and set up the typesetting and printing equipment for the fledgling newspaper, and although he struggled financially in those early years, he refused any pay. M.Z. gave him the only lifetime subscription to The Vista Press in its long history, and John made good use of the gift. He lived until 1984, when he passed away at age 93.

As he retired, John Slivkoff passed along his remaining beehives, with a special blessing, to his grandson, Rex Christensen. With his wife, Pat, Rex has property off Buena Creek Road in Vista and is one of the few remaining beekeepers in North County.

forties he located his practice in the Hillside Hotel, which he owned, located on Palm Dr.

As well as a doctor, he was active in the community in several capacities, including as a member of The Vista Masonic lodge number 687 and he was also the charter president of the Vista rotary in 1937. He was a great friend to the community.

He lived here in retirement until his death on September 29, 1961.

**Janet Sucro
1937-2002**

Elected to Vista Hall of Fame Early Residents Division 2024

Janet Sucro started Faith and Love Ministries in Vista. The soup kitchen was founded in 1986. Operations ceased in mid-1999, a victim of falling donations that followed citations from the city and county for health and safety violations earlier that year.

Under her guidance as director, the non-profit organization prepared and served more than 50,000 meals a year at churches and parks to the area's homeless. Sucro was the 1999 recipient of The Hope Award presented by the Tri-City Hospital Foundation to an individual who exhibits care and concern for others, giving them strength to overcome personal adversity and renewing faith in living. Sucro was described as a tireless advocate for people without homes.

"I knew her as somebody who was completely, totally committed to feeding the homeless," said Chris Megison, executive director of North County Solutions for change, a provider of transitional housing for homeless families. "Day in day out, year after year she committed her whole life to feeding the homeless. She was a one-person army," he said.

James Sutton was the President of the Board when the Vista Irrigation District purchased Lake Henshaw in 1946. He championed the purchase of the lake, which from that point on, secured a water supply for the growing community of Vista.

Upon Mr. Sutton's retirement in 1947, the Board of Directors issued the following statement: "[We] have seen directors come and directors go, but [we] have never seen a director who gave more unselfishly of his time and thought to District affairs than you have these many years. As the years go by, Vista will enjoy the great benefit and advantage of owning its water system, which you helped to make possible."

James Sutton served on the Palomar College Board of Governors from 1954 to 1966, when he resigned to take a position in San Diego to further his career as an insurance underwriter.

**William Duncan Taylor
1912-2013
Elected to Vista Hall of Fame
Regular Division 2012**

William "Bill" Taylor was born June 23, 1912, in Redondo Beach, California, and went to school there. He earned a Bachelor of Science degree in forestry from the University of Idaho.

While at Idaho U he spent three summers working for the U. S. Forest Service. In his last year, he took an 8-hour assembled civil service exam entitled Junior Range Examiner, which led to his career.

Bill spent his working life in various jobs for the Federal Government.

In 1939, he married Mildred Anderson. They are the parents of two children.

In mid-1941, he was assigned as work unit leader to a newly formed Soil Conservation District in San Diego County. His job eventually led, in November, 1948, to a 27-year career in Natural Resource management at Marine Barracks, Camp Pendleton.

His initial title was Ranch Manager. The position was fraught with adventure and innovation. The Marine Corps had no rules or precedents governing his duties, and he had to make them up himself.

In 1971, he became the first civilian Director of Natural Resources, following seven colonels who had held the job. There were numerous memorable highlights which made the career an adventure, such as: In the 1960's he was the Commanding General's representative as landlord during construction of the San Onofre Nuclear Generating Station and the 1-5 Freeway through the base, and he received accolades from both agencies for his assistance.

In 1973, he placed a dozen American bison in the Vallecitos, a high meadow area of the base. These were surplus from the San Diego Zoo that no other zoo wanted.

Bill retired from the base on January 15, 1976, but remained active. In 1977, he became a member of the board of directors of the Buena Colorado Water District, parent of the Vista Irrigation District.

He was elected to the Vista Irrigation District board in 1979, and served there until 1993. Also, he was on the board of the San Diego County Water Authority for six

years, ending in 1993. He was a longtime member of the Vista Rotary Club.

Dr. Frank Trotta
1927-1990
Elected to Vista Hall of Fame
Early Residents Division 2023

Frank Trotta was a great Vistan whose wife, Mary, and six children all played a role in the city's history.

Trotta moved to Vista in 1961 with his young family when Tri-City Hospital opened and he was the one and only cardiologist at the brand new medical center. He chose Vista as his home and lived here until his untimely death from cancer in 1990 at age 62.

His wife Mary Trotta still lives in Vista where she has been an active member of the community, in part by raising six children, all of the Vista High School graduates.

Frank Trotta was beloved by his patients for his ability to listen and treat them with "old school" personal touch while always remaining current with the latest developments in medical science.

Rather than direct his children to follow in his footsteps into medicine, Trotta encouraged them to find their own way, and each of those Vista natives went on to professional careers after excelling in academics and athletics at Beaumont Elementary School, Lincoln Junior High School and Vista High School: Mike (born in 1960), Dave (1961), Tom (1963), Dan (1964), Pete (1960) and Nancy (1970).

Likewise, Frank Trotta encouraged his wife Mary to pursue her own interests, and Mary has been a pillar of the community, serving on the Palomar College board of trustees, PTA president at Vista High, grief counselor at St. Francis Catholic Church, and volunteering as a tutor to underserved elementary school students, among other activities.

Trotta was born on December 30, 1927, in Yonkers, New York. After attending Fordham University, he earned his M.D. at the State University of New York. He served as a captain in the U.S. Army from 1956 to 1958 and moved to California to

Vista Irrigation District (VID) was formed in August 1923, when a vote of the people netted 104 votes "in favor" and just 4 votes "against". The overwhelming passage of the vote prompted a big celebration as the people of Vista welcomed the opportunity to live in a community with ample water for their farms and orchards. George S. Henry, Jules J. Delpy, F.J. "Jack" Knight, Harry S. Merriam and Chester D. Gunn were elected to serve as the first VID Board of Directors; these five men were respected and influential members of the community who not only brought water to Vista but were notable to the history of Vista in other ways as well.

George S. Henry was the first VID Board President, guiding the development of a system to bring water to Vista residents; he was also busy as a founding member of the Vista Chamber of Commerce. His contemporary, Jules J. Delpy, was a successful farmer, a founding member of the Vista Chamber of Commerce and contributed to the formation of the Vista School District. F.J. "Jack" Knight was the owner of Buena Vista Ranch Adobe; he and his wife Mary McKinney generously

donated a portion of their 51-acres to the Vista community to forever be enjoyed as Vista's beautiful Wildwood Park. Harry S. Merriam served as VID Board President in 1926; the year that water finally came to Vista from Lake Henshaw. In 1922, Chester D. Gunn, along with Harry S. Merriam, were appointed to a committee to look into securing water for North County. Their efforts on that committee resulted in the formation of Lake Henshaw, a vital part of Vista's water supply to this day.

Harry and Cora Walker arrived in Vista in 1926.

They loved the area and the people and helped to develop the town. They helped to establish the first church, The Community Church of Vista. He was a member of the Vista Elementary School Board for five years. He and Cora worked feverishly for the Vista Unified School District by going door to door in Vista and Oceanside to gain approval through a special election. In the early 1940's, Hi was a foreman for building structures at Camp Pendleton.

After the war, he and his first son, Roger, formed the Walker and Walker Construction Company and built the first residential subdivision in Vista. This they did in memory of son, Donald, who was killed during World War II. In 1937, Harry joined the Vista Rotary Club and served in every office except secretary. After being president of the Vista Club, he became District Governor of Rotary Clubs in San Diego, Riverside, and Imperial Counties.

Anastasia 1911-2006
Elected to Vista Hall of Fame

Walter J. Weil, noted eye physician-surgeon, was born in Prague, Czechoslovakia. Mrs. Weil, nee Anastasia Gardiner, was born in Scotland.

Dr. Weil and Anastasia Gardiner were married in London in 1940.

He opened his eye clinic in Toluca Lake, California, where he practiced for over thirty years. He was on the staff of St. Joseph's Hospital in Burbank and was the first eye surgeon in the San Fernando Valley.

The Weils purchased Rancho Buena Vista from Frederick Reid in 1957. They built a medical center on the property, on Escondido Avenue adjacent to Wildwood Park. The Weils lived at Rancho Buena Vista until 1973, when it was sold for \$100,000.

Dr. Weil, in addition to being proficient in several languages, was a talented musician, playing the piano, violin and guitar. He was a co-founder of Vista Historical Society, and both he and Mrs. Weil were charter directors of the organization.

Anastasia was a dedicated member of the Tri-City Medical Center Foundation. She offered artifacts to Mission San Luis Rey and was also a generous donor to Scripps Memorial Hospital.

Howard Williams
Elected to Vista Hall of Fame
Regular Division 2017
1923-2020

Howard S. Williams was born in Phoenix, Arizona in December 1923. He married his wife Ann in 1946, and together they had one son, Darin. Howard is an Army Air Corps veteran, a 1948 graduate of the University of Southern California, a long-time journalist, and a public relations expert. He had a brilliant career as a newspaper and TV editor, a local Emmy Award winner, and still to this day, a very proud Eagle Scout.

Howard worked at Channel 2, KNXT (now KCBS-TV) in Hollywood in the 1960's and 70's, where he wrote the station editorials for 12 years, and delivered them on the air in 1976. For his TV editorials, Howard won a local Emmy Award as well as six Golden Mike awards. During his journalism career, Howard attended many meetings at the White House and personally met eight different U.S. Presidents: Harry Truman, Dwight Eisenhower, John F. Kennedy, Lyndon Johnson, Richard Nixon, Gerald Ford, Jimmy Carter, and Ronald Reagan. Howard also met nearly every California Governor from 1960 to 1990.

As a strong advocate for openness and transparency in government, Howard and a handful of activists in the newspaper and broadcasting media developed, and got Governor Reagan to sign, the state's open meeting law, known as the Brown Act. He and another CBS executive founded the California Freedom of Information

Committee in 1969, now known as the First Amendment Coalition, which provides a hotline for reporters statewide on First Amendment issues. An offshoot of that group was created called the Bench Bar Media Committee --- and the San Diego County committee still meets, 40 years later.

Howard was instrumental in introducing cameras in court rooms. Cameras were not allowed in courtrooms in 1968 when the assassination of Senator Robert Kennedy took place, followed by the trial of Sirhan Sirhan. Working with the judge, Howard ran a project for all three TV networks to put a closed circuit system in the courthouse for the trial. That allowed over 100 reporters in two courtrooms to cover a trial being conducted in a courtroom that seated 50 people. The ban on cameras was lifted in California in 1984, paving the way for cameras in court rooms such as those in the Vista Courthouse. The closed circuit idea promoted by Howard was also used in federal court for terrorist trials in recent years to enable families of 9-11 victims to view portions of the proceedings in Washington and in distant states.

Following his retirement, Howard and Ann relocated from the Los Angeles area to Vista, where they purchased a home in Shadowridge. In 1991, Howard was appointed to the Vista Irrigation District Board of Directors to fill a vacancy in Division 4, and he continued to serve for nearly 22 years. Howard served as the District's representative on the San Diego County Water Authority Board for 17 years. Howard was also appointed by the San Diego County Board of Supervisors to represent the City of Vista on the Palomar Airport Advisory Committee, an appointment he held for over 20 years.

During his 27 years in Vista, Howard has been a tireless and dedicated public servant. Now 92 years old, Howard still lives in Vista, where his public-spirited efforts will be remembered and appreciated far into the future.

Oliver Kenneth "Bub" Williamson 1907-1985

Elected to Vista Hall of Fame Regular Division 2006

O. K. "Bub" Williamson was one of the original math teachers and athletic coaches at Vista High School. He taught and coached at Vista High, Fallbrook High, and Palomar College for many years.

He was one of the leaders in the construction of Vista Community Center in 1940. He also was involved in the Boys' Club and several other civic and volunteer organizations.

Williamson was born in Pawnee Rock, Kansas, and raised in Bakersfield, California. He joined the Vista school system in 1932 and was a teacher at Vista High School when it opened for its first year in 1937-1938.

Dale E. Wood 1896-1973

Elected to Vista Hall of Fame Early Residents Division 2015

Dale Wood came to Vista in 1926, as the resident representative of Edwin G. Hart Development Company, which was a major developer of agricultural and commercial properties.

Later, Mr. Wood opened his own real estate business. His success and leadership in the community created a high standard for the real estate business.

He was a member of the Vista Irrigation District Board of Directors from 1954 to 1973. A resolution in his memory, presented by Hans Doe, follows:

"This board of directors, the Vista Irrigation District, this whole community, all are better by reason of Dale Wood's fine work on this board. Over the years Dale gave

generously of his valuable time. His counsel was sound. His good work helped substantially to make possible the excellent record of the Vista Irrigation District during the past nearly 20 years of his incumbency. Dale was proud of Vista Irrigation District and he had every right so to be, for much of Dale lives and will live in Vista Irrigation District."

Born in Iowa, Wood was a veteran of World War I. He was a charter member of Vista Rotary Club, which was formed in 1936. He was a member of Royal Arch Masons of California, and a member of the American Legion.

Dale Wood died February 21, 1973, survived by wife Gene, son Robert Wood, daughter Shirley Hawkins, and six grandchildren.

J C Wynne Elected to Vista Hall of Fame Regular Division 2017

JC Wynne grew up in Vista and currently lives in the house that his parents bought when it was built back in 1969.

His #1 mission in life besides his family has been giving back to his hometown of Vista, especially it's next generations. He has so many titles; friend, coach, facilitator, volunteer and Santa but I call him dad. I may be partial but I'm sure there are more than a few out there who would agree that J.C. Wynne is the definition of Vista Pride. Where to start... From a Vista Pop Warner and Vista American Little League coach to president to board member he helped build these youth sports organizations from the ground up which helped so many young kids in Vista develop discipline, team work and sportsmanship.

He kept dreaming bigger and started the Vista Youth Sports Field Foundation with a group of volunteers funded by donations and helped launch the

VISTA HALL OF FAME

development of the amazing multiplex sports park off Bobier Drive. When Vista High School football wanted to get game film he facilitated a lift for the end zone. When they desperately needed a new field he reached out to NFL alumni to donate towards the project and even put a V in the end zone.

When Vista City Council announced they didn't have enough money for a Santa Claus to ride the firetruck in the parade he volunteered and has been doing it for the better part of a decade and believe it or not, his only stipulation is that they give each kid a free picture with Santa afterwards.

When the City said they no longer had the funding for the Annual Easter Egg Hunt he gathered volunteers and donations to throw it for them and has been doing so for the last 6 years. He has even been gathering volunteers of late to help finish what the City didn't in getting French Fields up and ready again for spring ball.

His name graces the Honor V in the VHS quad, he was awarded the Have a Heart for Kids Award from the Boys and Girls Club of Vista, he was selected as the 2014 Person of the Year for the City of Vista and even had a day proclaimed J.C. Wynne day by the County of San Diego. He constantly astonishes me because I know that he would do anything to better this City for a simple high five or a smile which is why I think that he should absolutely be in the Vista Hall of Fame because he does it all for our community and not the fame.

Harold H. Yackey
1901-1979

Elected to Vista Hall of Fame
Early Residents Division 2015

Following deactivation as a Lieutenant Commander in a Naval Construction Battalion during World War II, Harold Yackey was appointed as Engineer/Manager of the Vista Irrigation District (VID) in May of 1946, shortly after the District purchased Lake Henshaw and Warner Ranch from the San Diego County Water Company.

Mr. Yackey was born in St. Louis, Missouri. He was a graduate of University of Illinois with additional education at the University of California and Luis Obispo College. His identical twin brother, George, also lived in Vista.

Mr. Yackey took over as Manager of VID in a period when the system was in very poor condition due to shortage of materials for pipeline repairs and replacements during World War II. One of his first tasks was to solve the very high water losses experienced during transit from Lake Henshaw. He solved the problem by lining the siphon sections with cement mortar in the late 1940's. Yackey was also instrumental in the covering of the Vista Flume in the late 1940's, primarily to eliminate the infestation of caddis flies and also as a sanitary protection for the water during transit.

Another important achievement was Yackey's implementation of the well program at Warner Basin, giving the District the ability to pump and put into use groundwater when it became obvious that the surface supply in Lake Henshaw would not be sufficient to meet the needs of the District.

Following his resignation in 1951, Yackey worked for a number of years in the water industry in the Los Angeles-Orange County area before retiring and moving back to Vista.

In 1967, Yackey was appointed to the Board of Directors for Division 1, and he served admirably until his death on June 22, 1979. Yackey's engineering background, his vast experience in pipeline and water matters, and his actions and counsel were most helpful to the progress of the Vista Irrigation District as it emerged from agricultural irrigation to an urban water system. As a member of the Board, Yackey also represented the District on the Santa Margarita-San Luis Rey Watershed Planning Agency.

VISTA HALL OF FAME

THE MOST IMPORTANT DAY IN VISTA HISTORY FEBRUARY 27, 1926

In the last part of the 19th century and the first half of the 20th century, the main business in Southern California, and certainly in North San Diego County, was agriculture. Successful agriculture requires abundant water especially for the preferred crops of the time which were groves or vineyards. Without sufficient water farmers were limited to more hardy crops such as grains. Water was always on everybody's mind. Negotiations for water went on endlessly. The importance can be seen in the area paper of the time, "The Oceanside Blade", where the main headline in the paper that reported the United States entry into World War I was about water negotiations.

There were also people that made their living providing water. One of these was William Henshaw, the owner of Warner Ranch. After World War I when Vista was trying to develop an agricultural base and running out of water, he was able to provide the water from the reservoir known as Lake Henshaw. According to the website of the Vista Irrigation District, completion of the Henshaw Dam in 1923 made a reliable source of water possible.

An election was held on August 28, 1923 to create the Vista irrigation District. Again according to the website one hundred percent of the eligible voters voted and the measure passed 104 to 4. After construction of the required infrastructure, a ceremony was held in downtown Vista on February 27, 1926 to turn on the water from Lake Henshaw. Reliable water quickly allowed Vista to become the "Avocado Capital of the World". Vista became so well-known for avocados that Vista floats with an avocado theme appeared in the Rose Parade in 1928 and 1932. Vista continued to grow with a mainly agricultural base until after World War II when population growth caused the conversion of agricultural land to housing.

With the introduction of reliable water to Vista in 1926, agricultural production boomed. Vista's production of avocados became so famous in the mid 1920's, that Rose Parade officials requested Vista's participation in the parade. Vista entered floats twice, in 1928 and 1932, winning awards both times.

The Chamber of Commerce and the Horticultural Society sponsored the 1928 float. Calavo, a avocado packing association, and the Chamber of Commerce sponsored the 1932 entry. This float had Miss Calavo, Marjorie Harmon, riding on it.

STAFF REPORT

Agenda Item: 11

Board Meeting Date: January 8, 2025
Prepared By: Ranae Ogilvie
Approved By: Brett Hodgkiss

SUBJECT: DISTRICT COMMITTEES AND REPRESENTATIVES TO OUTSIDE ORGANIZATIONS

RECOMMENDATIONS: 1) Eliminate the Groundwater Committee; and 2) Review and ratify committee and outside organization appointments for 2025.

PRIOR BOARD ACTION: At its July 5, 2017 meeting, the Board reclassified the Groundwater ad hoc committee to be a standing committee. At its September 18, 2024 meeting, the Board revised the District's Rules and Regulations to remove the San Luis Rey Watershed Council, Southern California Water Coalition and Groundwater Association from the list of outside organizations to which directors are appointed.

FISCAL IMPACT: Undetermined amount of expenses and per diem.

SUMMARY: Following enactment of the Sustainable Groundwater Management Act of 2014 (SGMA), the Board authorized staff to investigate future management of the District's groundwater resources under SGMA and established the Groundwater ad hoc committee to address these matters. It was recommended that the Board consider reclassifying the Groundwater ad hoc committee to be a standing committee, as it was anticipated that this matter would be ongoing. However, in January 2019, the Board decided not to pursue implementing SGMA primarily because SGMA did not require the formation of a Groundwater Sustainability Agency or the preparation of a Groundwater Sustainability Plan for the Warner Valley Groundwater Basin.

The Groundwater Committee has never met since its formation in July 2017. Staff recommends eliminating the Committee since its formation was primarily based on a matter that the Board elected not to pursue. A Groundwater ad hoc committee or standing committee could be re-established at any time to address groundwater resource management matters.

President Sanchez's appointments to District committees and outside organizations for 2025 is attached. The list of the District committee and outside organization appointments for 2024 has also been provided for reference.
