Request for Proposal

The Vista Irrigation District (“District”) will be accepting proposals from qualified contractors to perform final paving on Independence Way in the City of Vista.

BACKGROUND:

The Vista Irrigation District was organized in September 1923. Its mission is to provide a safe and reliable supply of water to its customers. The District currently serves 29,000 accounts with a population of 134,000 people.

A five member Board of Directors (“Board”) governs the District. The General Manager and administrative staff implement the policies approved by the Board of Directors and handle the District’s day-to-day operations.

The service area lies within the northwestern quadrant of San Diego County, encompassing approximately 21,200 acres in its service area. Historically, the District has received 30% of its water supply from Lake Henshaw, which along with the surrounding 43,000 acre Warner Ranch, is owned and operated by the District. The remaining 70% of the District’s supply comes from purchased water sources, including the Colorado River, desalinated seawater and the Sacramento River/San Joaquin River Delta in Northern California. These sources are conveyed to the District via aqueducts owned and operated by water wholesalers, the Metropolitan Water District of Southern California and the San Diego County Water Authority.

OBJECTIVES:

The District needs an experienced Class “A” – General Engineering Contractor or C-12 Earthwork and Paving Contractor to perform final paving in coordination with the District’s mainline replacement project on Independence Way and Elm Drive.

A job walk on Tuesday, September 10, 2024, at 9:00 a.m. is mandatory. Job walk meeting location is at the intersection of Elm Drive and Dolphin Circle. For more information, please contact Lee Hodges, Construction Supervisor, at (760) 224-9339 or via email at lhodges@vidwater.org.

WHEREAS, the VISTA IRRIGATION DISTRICT, by Resolution No. _____, passed _____, 20____, has awarded to _____, (hereinafter designated as the "Principal"), a contract for _____; and

WHEREAS, said Principal is required under the terms of said contract to furnish a bond for the faithful performance of said contract.

NOW, THEREFORE, we, _____, as Principal, and _____, as Surety, are held and firmly bound unto the VISTA IRRIGATION DISTRICT (hereinafter called the "District"), in the sum of _____ Dollars (\$ _____) (this amount being not less than one hundred percent (100%) of the total bid price of the contract awarded by the District to the Principal), lawful money of the United States of America, for payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT, if the hereby bonded Principal, its heirs, executors, administrators, successors, or assigns, shall in all things stand to and abide by and well and truly keep and perform all the undertakings, terms, covenants, conditions, and agreements in the said contract and any alteration thereof, made as therein provided, including, but not limited to, the provisions regarding contract duration and liquidated damages, all within the time and in the manner therein designated in all respects according to their true intent and meaning, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract, the above obligation shall hold good for a period of one (1) year after the acceptance of the Work by District, during which time if Principal shall fail to make full, complete, and satisfactory repair and replacements and totally protect the District from loss or damage made evident during the period of one (1) year from the date of acceptance of the Work, and resulting from or caused by defective materials or faulty workmanship, the above obligations in penal sum thereof shall remain in full force and effect. However, nothing in this paragraph to the contrary notwithstanding, the obligation of Surety hereunder shall continue so long as any obligation of Principal remains.

Whenever Principal shall be, and is declared by the District to be, in default under the Contract, the District having performed the District's obligations thereunder, the Surety shall promptly either remedy the default, or shall promptly:

1. Complete the Contract in accordance with its terms and conditions; or
2. Obtain a bid or bids for completing the Contract in accordance with its terms and conditions, and upon determination by Surety of the lowest responsible Bidder, arrange for a contract between such Bidder and the District, and make available as Work progresses (even though there should be a default or succession of defaults under the contract or contracts of completion arranged under this Paragraph) sufficient funds to pay the cost of completion less the balance of the contract price, but not exceeding, including other costs and damages for which Surety may be liable hereunder, the amount set forth in the first executory Paragraph hereof. The term "balance of the contract price" as used in this Paragraph shall mean the total amount payable to Principal by the District under the Contract and any modifications thereto, less the amount properly paid by the District to the Principal.

Surety expressly agrees that the District may reject any contractor or subcontractor (in accordance with the Contract Documents for this Contract) that may be proposed by Surety in fulfillment of its obligations in the event of default by the Principal.

Surety shall not utilize Principal in completing the Contract nor shall Surety accept a Bid from Principal for completion of the Work if the District, when declaring the Principal in default, notifies Surety of the District's objection to Principal's further participation in the completion of the Work.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the District named herein or the successors or assigns of the District.

Surety and Contractor shall provide District notice thirty (30) calendar days prior to any modification, renewal, or termination of this bond.

FURTHER, the said Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or modification of the contract documents, or of the work to be performed thereunder, shall in any way affect its obligations on this bond; and it does hereby waive notice of any change, extension of time, alteration or modification of the contract documents or of work to be performed thereunder.

IN WITNESS WHEREOF, two (2) identical counterparts of this instrument, each of which shall for all purposes be deemed an original thereof, have been duly executed by the Principal and Surety named therein, on the _____ day of _____, 20____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative pursuant to authority of its governing body.
